Ain Shams University
University College for Women
(Arts, Science, and Education)
Department of Mathematics

Quantum And Classical Correlation of Two Atoms

A Thesis Submitted
in the Partial Fulfillment of the Requirement
for the Degree of
MASTER OF SCIENCE (M.Sc.)
(APPLIED MATHEMATICS)

By

Esraa Reda Abdel-Hady Mohamed Elziaty
B.Sc. Mathematics, (2018)

Under the Supervision of

Prof. Dr. Abdel-Shafy Fahmy Obada
Professor of Applied Mathematics
Mathematics Department
Faculty of Science
Al-Azhar University

Prof. Dr. Samia Saeed Al-Azab
Professor of Applied Mathematics
Mathematics Department
Faculty of Women (Science)
Ain Shams University

Prof. Dr. Said Abdel-Khalek Mohamed Abu Taleb
Professor of Applied Mathematics
Mathematics Department
Faculty of Science
Sohag University

to the

Mathematics Department,
University College for Women,
Ain Shams University
Cairo,
Egypt.
(2022)

Ain Shams University
University College for Women
(Arts, Science, and Education)
Department of Mathematics

M. Sc. Thesis

(APPLIED MATHEMATICS)

Title of Thesis:

Quantum And Classical Correlation of Two Atoms

Prof. Dr. Abdel-Shafy Fahmy Obada
Professor of Applied Mathematics
Mathematics Department
Faculty of Science
Al-Azhar University

Prof. Dr. Samia Saeed Al-Azab
Professor of Applied Mathematics
Mathematics Department
Faculty of Women (Science)
Ain Shams University

Prof. Dr. Said Abdel-Khalek Mohamed Abu Taleb
Professor of Applied Mathematics
Mathematics Department
Faculty of Science
Sohag University

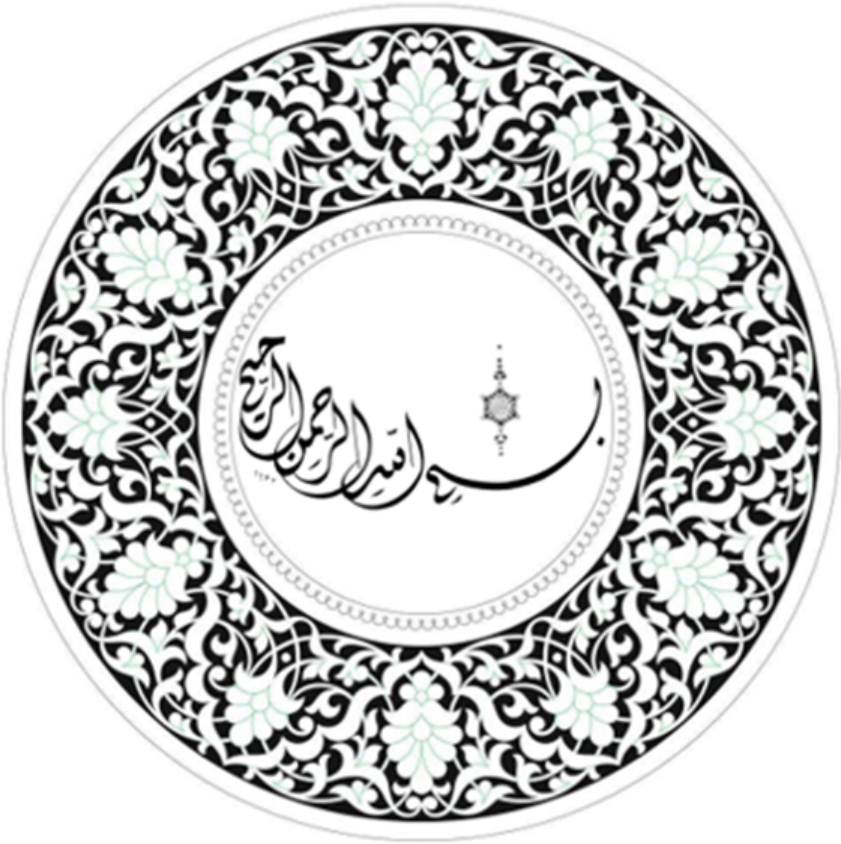
Ain Shams University
University College for Women
(Arts, Science, and Education)
Department of Mathematics

COURSES

The student has passed the following courses in partial fulfillment of the requirement for an M. Sc. degree:

1.	Quantum Theory.	3h per week
2.	Complex Analysis.	3h per week
3.	Numerical Theory.	3h per week
4.	Writing Scientific Research.	3h per week
5.	Partial Differential Equations.	3h per week
6.	Computational Methods in Applied Mathematics.	3h per week
7.	Relativity Quantum Mechanics.	3h per week
8.	Ethics of Scientific Research.	3h per week

Head of Mathematics Department



قَالُوا۟ سُبْحَٰنَكَ لَا عِلْمَ لَنَآ إِلَّا مَا عَلَّمْتَنَآ ۖ إِنَّكَ أَنتَ ٱلْعَلِيمُ ٱلْحَكِيمُ ﴿٣٢﴾

(سورة البقرة: 32)

ACKNOWLEDGMENTS

Acknowledgments

In the name of **ALLAH**, the Merciful, the Beneficent. Praise be to ALLAH, the Lord of all worlds. Prayers and peace be upon our Prophet, **MOHAMMAD**, his family, and all of his companions.

First and foremost, my limitless thanks to "**ALLAH**", for help, blessing, and showing me the right path to introduce this work. I am totally sure that this work would have never become truth, without "**ALLAH**" almighty.

All my profound gratitude goes to my supervisors **Prof. Dr. Abdel-Shafy F. Obada, Prof. Dr. Samia Saeed Al-Azab,** and **Prof. Dr. Sayed Abdel-Khalek** and special thanks to Prof. Dr. Mohamed M. A. Ahmed.

My completion of this project could not have been accomplished without their inspiring guidance, encouragement, advice, valuable discussion, and the limitless time and effort they put into researching various topics, answering my many questions and proof reading several times of this thesis. I couldn't imagine having better supervisors and mentors to my thesis study.

All members of the "Quantum seminar" in Al-Azhar University have been brilliant, friendly, and patient collaborators during our studying. I wish to extend my thanks to Mathematics Department, my Professors, my colleagues and Faculty of Science, University college for Women - Ain Shams University.

I wish to thank **Prof. Dr. Kamal Berrada, Prof. Dr. Eied M. Khalil, and Prof. Dr. Hichem Eleuch** to providing technical support in nummerical calculations.

Finally, I wish to express my sincere thanks and gratitude to my beloved parents, my husband, my son, my friends and my family for their help and encouragement from the beginning of the research, and providing inspiration.

Thank you.
