Zoology Department

EXPERIMENTAL STUDIES ON THE TOXICITY OF ACRYLAMIDE IN ALBINO RAT

Thesis
Submitted for (M.Sc.) degree in Zoology

By
Hebat-Allah Sayed Abdu Hassan Nassar
B.Sc. Degree in Science, Department of Zoology
Girl's College for Art, Science and Education,
Ain Shams University

Board of Scientific Supervision
Prof. Dr. Amina Mohamed Farag-Allah
Professor of Cell Biology & Histology, Department of Zoology,
Girl's College for Art, Science and Education
Ain Shams University

Prof. Dr. Afnan Mostafa Ahmed Amer
Professor of Physiology, Department of Zoology,
Girl's College for Art, Science and Education
Ain Shams University

Dr. Hala Fahmy Abd-Allah Sayed
Lecturer of Zoology, Department of Zoology,
Girl's College for Art, Science and Education
Ain Shams University

2010

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

صدق الله العظيم

: ية (32)

QUALIFICATIONS

Name : Hebat-Allah Sayed Abdu Hassan Nassar

Scientific Degree : B.Sc

Department : Zoology

College : Girl's College for Art, Science & Education

University : Ain Shams

Graduation year : 2000

DEDICATION

To my kind

Parents

To my helpful sisters

Hanaa, Hadier and Hoda

To my faithful

brother Abdullah

COURSES

Courses studied by the candidate in partial fulfillments of the requirement for the degree of **M.Sc.**

1- Physiology

2- Histology

3- Parasitology

4- Statistical Analysis

5- Scientific English

APPROVAL SHEET

This is to approve that the dissertation presented by:

Hebat-Allah Sayed Abdu Hassan Nassar

To Girl's College entitled:

EXPERIMENTAL STUDIES ON THE TOXICITY OF
ACRYLAMIDE IN ALBINO RAT

Scientific Degree:

M. Sc. of Science.

Board of Scientific Supervision

Prof. Dr. Amina Mohamed Farag-Allah

Professor of Cell Biology & Histology, Department of Zoology
Girl's College for Art, Science and Education,
Ain Shams University

Prof. Dr. Afnan Mostafa Ahmed Amer

Professor of Physiology, Department of Zoology
Girl's College for Art, Science and Education,
Ain Shams University

Dr. Hala Fahmy Abd-Ellah Sayed

Lecturer of Zoology, Department of Zoology
Girl's College for Art, Science and Education,
Ain Shams University

Date / /2010

اسم الطالبة : هبة الله سيد عبده حسن نصار
عنوان الرسالة : دراسات تجريبية على سمية الأكريلاميد على الجرد الأمهق
اسم الدرجة : ماجستير فى العلوم (علم الحيوان)

لجنة الإشراف

ا.د./ أمينة محمد فرج الله

أستاذ علم الخلية والأنسجة

الدرجة العلمية : بكالوريوس فى العلوم (علم الحيوان)

القسم التابع له : قسم علم الحيوان

اسم الكلية : كلية البنات للأداب والعلوم والتربية

الجامعة : عين شمس

سنة التخرج : 2000

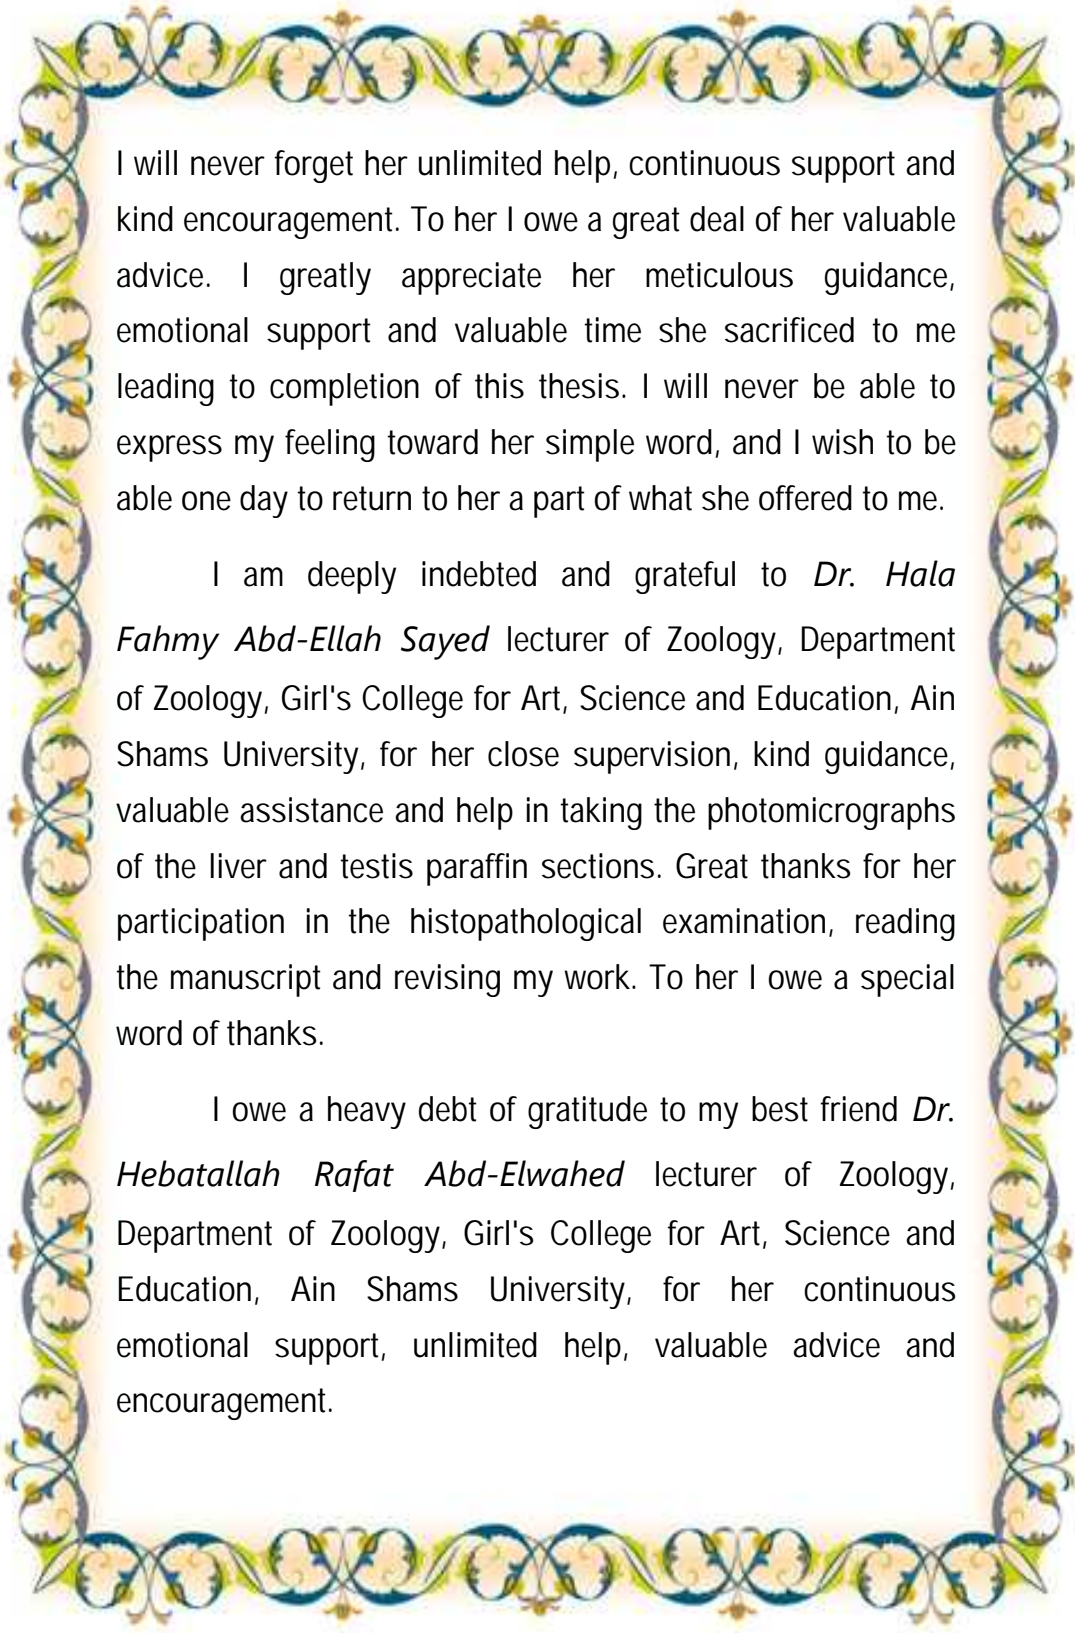

ACKNOWLEDGEMENT

Firstly of all, grateful thanks are due to "ALLAH" as I feel his care and support in every step in my life.

Any words would not be sufficient to express my deepest appreciation with sincere gratitude to *Prof. Dr. Amina Mohamed Farag-Allah*, professor of Cell Biology & Histology, Department of Zoology, Girl's College for Art, Science and Education, Ain Shams University, for suggesting the problem of this study and for her great efforts in planning the practical work, interpretation of pathological findings, and the critical reading and careful revision of thesis. Her scientific merit, deep experience, meticulous guidance, constructive criticism and sincere encouragement were of great value in completing this thesis.

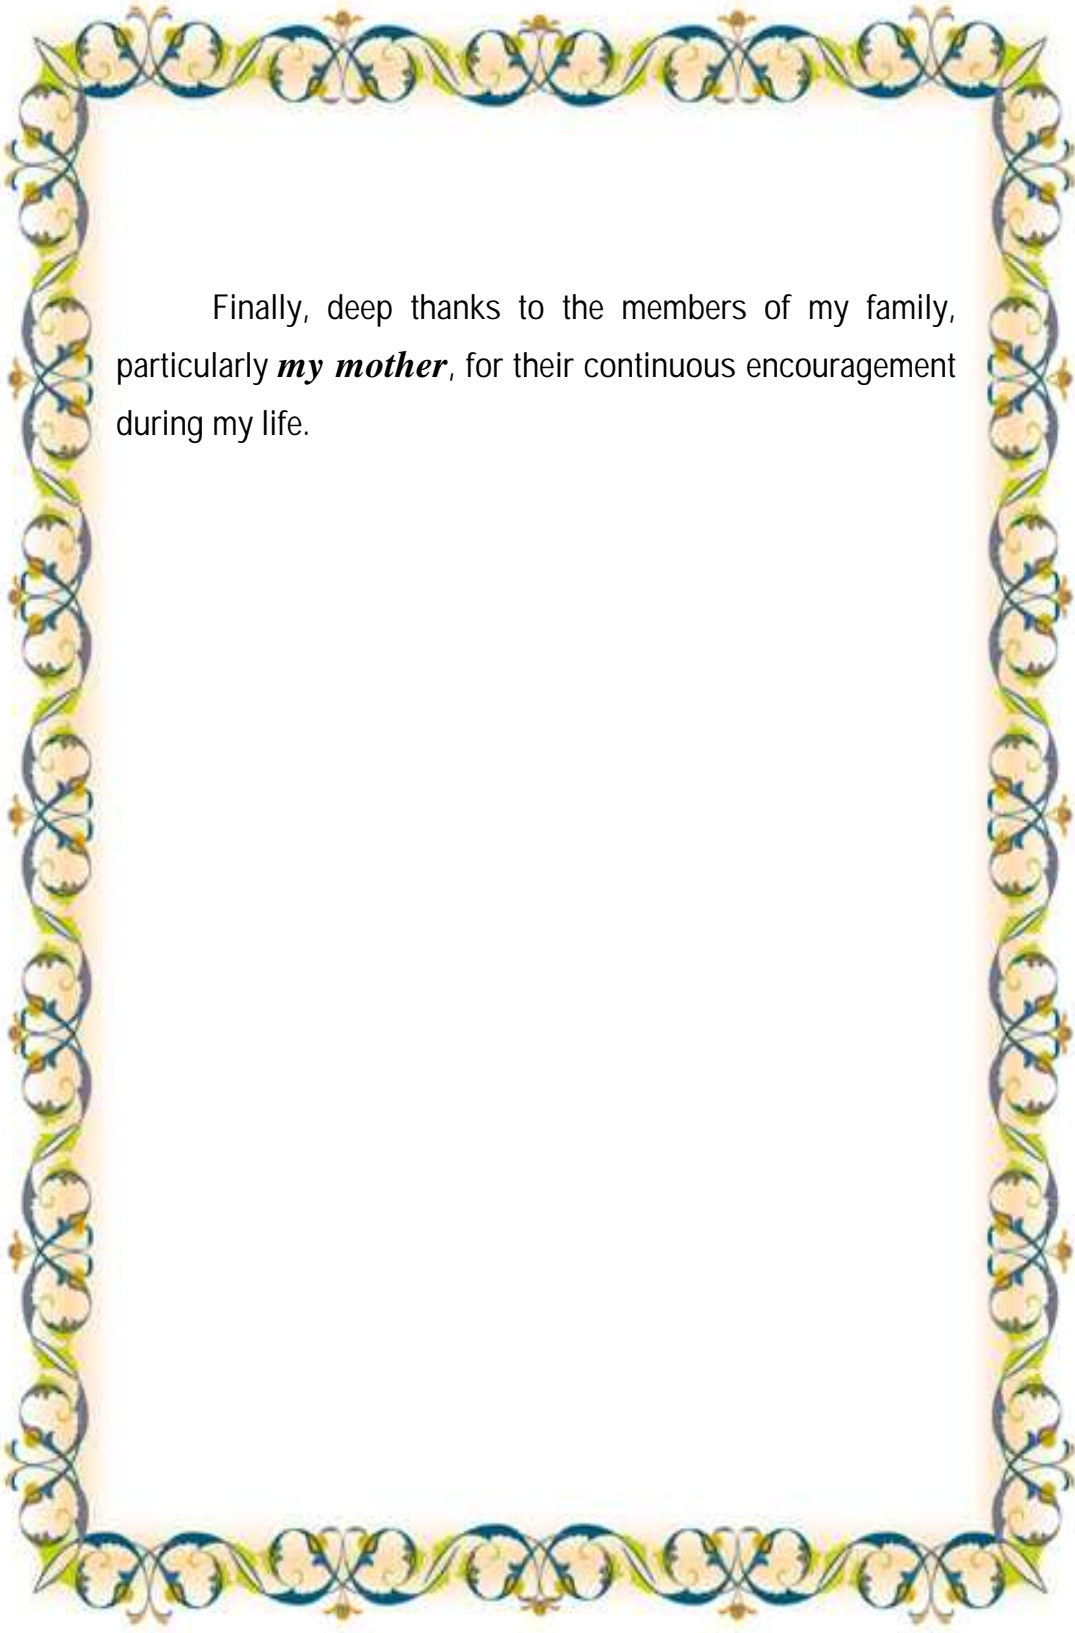

To *Prof. Dr. Afnan Mostafa Ahmed Amer*, Professor of Physiology, Department of Zoology, Girl's College for Art, Science and Education, Ain Shams University, I would like to express my sincere thanks and deepest gratitude for suggesting the topic of research and for her professional reading and revision of all the parts of this thesis, as well as her scientific merit, supervising and illuminating constructive criticism in reading the manuscript.

A decorative border with a repeating floral and scrollwork pattern in shades of blue, green, and gold, framing the text.

I will never forget her unlimited help, continuous support and kind encouragement. To her I owe a great deal of her valuable advice. I greatly appreciate her meticulous guidance, emotional support and valuable time she sacrificed to me leading to completion of this thesis. I will never be able to express my feeling toward her simple word, and I wish to be able one day to return to her a part of what she offered to me.

I am deeply indebted and grateful to *Dr. Hala Fahmy Abd-Ellah Sayed* lecturer of Zoology, Department of Zoology, Girl's College for Art, Science and Education, Ain Shams University, for her close supervision, kind guidance, valuable assistance and help in taking the photomicrographs of the liver and testis paraffin sections. Great thanks for her participation in the histopathological examination, reading the manuscript and revising my work. To her I owe a special word of thanks.

I owe a heavy debt of gratitude to my best friend *Dr. Hebatallah Rafat Abd-Elwahed* lecturer of Zoology, Department of Zoology, Girl's College for Art, Science and Education, Ain Shams University, for her continuous emotional support, unlimited help, valuable advice and encouragement.

Finally, deep thanks to the members of my family, particularly ***my mother***, for their continuous encouragement during my life.

شكر وتقدير

الحمد لله الذى هدانا لهذا وما كنا لنهتدى لولا أن هدانا الله
أتقدم بوافر شكري وتقديري لكل من الأساتذة الذين قاموا
بالإشراف على الرسالة وهم:

ا.د./ أمينة محمد فرج الله
