**Supervised by**

**Dr.:Nagia Bahgat Badawy**

Assistant Professor of Pediatrics  
Ain Shams University

N. Badawy

**Dr.:Mostafa Kamel Al Awady**

Professor of Biochemistry & Genetic Engineering  
National Institute of Research

Mostafa Al Awady

**Dr. : Omnia Fathey El Rasheidy**

Lecturer of Pediatrics  
Ain Shams University

O. El Rasheidy

Ain Shams University  
Faculty of Medicine  
Cairo

بسم الله الرحمن الرحيم

عَالِمًا سُبْحَانَكَ لَا يُلْمُكَ الْإِنَّمَا عَظُمْتَ إِلَيْهِ

أَنْتَ الْعَلِيمُ الْحَكِيمُ

مَنْ تَقَى اللَّهَ الْعَظِيمَ

سورة البقرة - آية ٢٥٥

TO...  
MY HUSBAND

## Acknowledgments

First of all , I thank *Allah* to whom I relate any success in achieving any work in my life .

I find no words by which I can express my sincere thanks , supreme gratitude and cordial appreciation to *Dr. Nagia Bahgat Baduay* , Assistant Professor of Pediatrics , Faculty of Medicine , Ain Shams University , who kindly offered me the generous encouragement , supervision , guidance and continuous support .

I am deeply grateful to *Dr. Omnia Fathey El Rasheidy* , Lecturer of Pediatrics , Faculty of Medicine , Ain Shams University , for her kind patience , sincere advice and for her close supervision , cooperation and tremendous effort all through this study . Any attempt to express my indebtedness to her will be far from being complete .

I would like also to express my great thanks to *Prof. Dr. Mostafa Kamel Al Awady* , Professor of Biochemistry , Genetic engineering , National Research center , for his assistance , help and advice in the laboratory work of this thesis.

I am also indebted to *Dr. Wael El- Garf* , Lecturer of Clinical Pathology , National Research Center , for his great help, continuous support and sincere advise during the laboratory part of this work..

Also , I am greatly honoured to express my deepest gratitude to *my husband* , who continuously supports me and share in a way or another in the performance of this work .

Finally , I would like to convey my great thanks to my professors , colleagues , patients , their families and staff members of Pediatric Nutrition Clinic , Ain Shams University for their cooperation .

# *LIST OF CONTENTS*

Title	Page
Acknowledgments	I
- List of contents	III
- List of tables	V
-List of Figures	VII
-List of Abbreviations	IX
-Introduction & aim of work	1
-Review of literature	3
I- Protein energy malnutrition	3
Incidence	
Mortality	
Types	
Classification	
Etiology	
Pathophysiology	
Kwashiorkor (KWO)	
Etiology	
Pathogenesis	
Clinical manifestations	
Multiple system affection	
Marasmus	
Etiology	
Clinical manifestations	
Multiple system affection in marasmus	
Biochemical assessment of PEM.	
PEM and Immunity	
Complications of PEM	
Prevention of PEM.	
Managment of PEM.	
II- Enzymuria as a marker of renal injury & disease	81
Composition & sturcture of enzymes .	
Origin of urinary enzymes.	
Criteria for selecting potenitally useful enzymes .	

N- acetyl -B-gluconsmindase = B. Hexosminidase

1- Physiological Factors .

2- Pathological disorders

- Assesment of renal function in pediatric age groups .

- Glomerular

- Tubular

- Renal handling of proteins .

- Glomerular

- Tubular

-Urinary proteins

- Pathophysiology of proteinuria .

- Types of proteinuria

- Proteinuria in clinical practice .
