## **ACKNOWLEDGMENT**

*I wish to express my sincere gratitude and deep appreciation to **Prof. Dr. Soheir Sheir**, Professor of Internal Medicine, Ain Shams University, for her continuous kind supervision and encouragement. She offered all the facilities and faithful guidance throughout the work.*

*I wish also to express my sincere thanks to **Prof. Dr. Moatasseem Amer**, Professor of Internal Medicine, Ain Shams University, who gave me a generous support and guidance.*

*It is a great honour to me to express my unlimited gratitude to **Prof. Dr. Samia Ammar**, Professor of Pathology, Ain Shams University, for her distinctive orientation and effective help. She offered me her great enthusiastic support and patience, enriching me with her vast experience. So thanks means nothing to what she had done to me.*

*I am really indebted to **Dr. Mohsen Maher**, Professor of Internal Medicine, Ain Shams University, who had gave me most of his time to read and revise the theoretical and practical parts of this thesis. His friendly and scientific advices were kindly given to me and are beyond acknowledgment.*

## LIST OF TABLES

Table	Page
1) Properties of immunoglobulins.	6
2) Role of antibodies in host defense.	7
3) Characteristics of serum and secretory IgA	16
4) Specificity and sensitivity of thyroid auto- antibodies .	50
5) Antigen-antibody systems involved in thyroid autoimmunity .	52
6) Autoimmune disorders reported with Grave's disease .	63
7) Classification of eye changes of Grave's disease .	77

## **List of figures**

	Page
1) Structure of an immunoglobulin molecule .	5
2) Steps of thyroid hormones biosynthesis.	31
3)The Crosby capsule.	90
