Dedication

*This piece of work
is dedicated to my first
and long lasting teacher
"my father"*

ACKNOWLEDGMENT

It is true that my gratitude to **Prof. Dr. Emad E.A. Hussein** Professor of Vascular Surgery, Faculty of Medicine, Ain Shams University is far beyond my ability of expression, for his continuous encouragement and valuable advice.

I really don't know how I can ever thank **Dr . Tarek Abdel Aziem** , Assistant Professor of Vascular Surgery, Ain Shams University, enough and express my deep gratitude and ultimate appreciation for his great guidance throughout this work.

I am also deeply thankful to my colleagues for their kind help.
