

I am deeply thankful to "Allah" by the grace of whom, this work was possible.

I would like to express my deepest appreciation and gratitude to **Prof. Dr. Mohamed El Tayeb Nasser**, Professor of Internal Medicine and Nephrology, Faculty of Medicine – Ain Shams University, for his kind supervision, valuable advises and constructive guidance were the real driving force in the initiation progress and completion of this thesis.

I am greatly indebted to Assist. Prof. Dr. Aber Halim Baki, Assistant Professor of Internal Medicine and Nephrology, Faculty of Medicine – Ain Shams University, for his greatest and unforgettable help and for his valuable comments, suggestions and close supervision. He dedicated much of his effort and time for the direction of this work.

Also I would like to extend my warmest gratitude to **Dr. Yehia Makya**, Lecturer of Internal Medicine and Nephrology, Faculty of Medicine - Ain Shams University, his hard and faithful efforts have helped me to do the statistics of this work.

Lastly but not the least I should like to express my appreciations to the patients for their cooperation throughout my work.
