Acknowledgments

My deepest praise and thanks are due to **ALLAH** the most beneficent and merciful of all.

I am highly indebted to *Prof. Dr. Imam A. A. Mekki*, Professor of Fish Biology and Fisheries, Head of Zoology Department, Faculty of Science, Assiut University, for suggesting and supervising this work, for continuous support, valuable guidance, criticism, encouragement, unlimited cordial help, giving advice and research facilities he provided and for his great effort in presentation of this work.

Special acknowledgement to *Dr. Iqbal T. Wassif* Assistant Professor of Zoology, Faculty of Science for co-supervision, continuous encouragement and reading manuscript.

I would like to express sincere gratitude to Dr. Ahmad S. Harabawy, Mrs. Safa M. Ali and Mr. Alaa G. Osman for their actual help during laboratory work.

My deepest thank to all members of Zoology Department, Faculty of Science, Assiut University for their help and research facilities they provided.

The author would like to express his sincere gratitude to Yemeni-government and Hadramout University and in particular the Dean of Higher Studies and Scientific Research for their help and support.

I must offer my cordial appreciation to all members of my family for their help and continuous moral support.
