ACKNOWLEDGEMENT

I am deeply thankful to almighty **God** for showing me the right path and help me to complete this work.

I wish to express my deep thanks and gratitude to my supervisors: **Prof. Dr. Said Mohamed El-Sayed Khalil** (Prof. of Inorganic Chemistry, Faculty of Education, Ain Shams University), **Prof. Dr. Akila Amin Saleh** (Prof. of Inorganic Chemistry, Faculty of Education, Ain Shams University) and **Dr. Mosad Abd El-Rahman El-Ghamry** (Lecturer of Inorganic Chemistry, Faculty of Education, Ain Shams University) for their valuable helps, suggestions, guidance and support and offering me the opportunity to carry out this interesting research work under their kind supervision.

Also, I would like to thank **Prof. Dr. Mostafa Esmail**, Head of Chemistry Department, Faculty of Education, Ain Shams University for introducing great kind facilities and encouragement.

Also, I would like to thank all members of Chemistry Department, Faculty of Education, Ain Shams University.

Last but not the least, I remember with great gratitude **my family** members who were always a source of strength, support and inspiration.

Amira Ali Mohammed
