Acknowledgement

First and foremost I would like to express my thanks and deep appreciation to ***Prof. Naglaa El Mahallawy***, professor of neuropsychiatry, Faculty of Medicine, Ain Shams University for her generous effort, continuous support, wise helpful guidance and motherly attitude. No words could describe my appreciation for her encouragement and support, which made the achievement of this work possible, and I will never be able to thank her sufficiently. It is great honor to work under her guidance and supervision.

I am also eternally grateful and thankful to ***Dr. Nivert Zaki Mahmoud***, Assistant Professor of Neuropsychiatry, Faculty of Medicine, Ain Shams University for her helpful contributions, keen support and valuable instructions.

I would like to express my deep thanks and appreciation to ***Dr. Doaa Nader Radwan***, lecturer of neuropsychiatry, Faculty of Medicine, Ain Shams University, for her encouragement and advice throughout the work.

Also, I would like to thank all researchers who work in the field of "sexual and gender identity disorders" without their studies this work could not be done.

Last but not least, I wish to express my ultimate thanks and great gratitude to ***My family, Dr. Faisal Ezz El Din and Dr. Ahmed Sami*** for their encouragement and help all-through this work.
