Acknowledgement

In the name of Allah, the Most Gracious and the Most Merciful.

All praises to Allah and His blessing for the completion of this thesis. I thank God for all the opportunities, trials and strength that have been showered on me to finish writing the thesis.

*I would like to express my sincere gratitude to **Dr. Amr Mahmoud Abdel Aziz**, Professor of Pediatric Dentistry and Dental Public Health, Faculty of Dentistry, Ain Shams University for his guidance, support and valuable advice throughout this work. It has been my privilege and utmost pleasure to conduct this work under his supervision.*

*I would like to express my deepest appreciation to **Dr. Gehan Gaber Allam**, Associate professor of Pediatric Dentistry & Dental Public Health, Faculty of Dentistry, Ain Shams University for her patience, motivation, and immense knowledge. Her guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor.*

My sincere thanks also go to my dear professors, colleagues and staff members of Pediatric Dentistry and Dental Public Health Department for their support and concern.
