Submitted for Partial Fulfillment of Master
Degree in Nursing Administration

Supervised by

Dr. Hemat Abd Elazem Mostafa

Assistant professor of Nursing Administration

Faculty of Nursing - Ain Shams University

Dr. Dalia Atef Khalaf

Lecturer of Nursing Administration

Faculty of Nursing - Ain Shams University

**Faculty of Nursing
Ain Shams University**

2020

Acknowledgement

*First of all, all gratitude is due to **Allah** almighty for blessing this work, until it has reached its end, as a part of his generous help, throughout my life.*

*Really I can hardly find the words to express my gratitude to **Dr. Hemat Abd Elazem Mostafa**, Assistant professor of Nursing Administration, Faculty of Nursing - Ain Shams University, for her supervision, continuous help, encouragement throughout this work and tremendous effort she has done in the meticulous revision of the whole work. It is a great honor to work under her guidance and supervision.*

*I would like also to express my sincere appreciation and gratitude to **Dr. Dalia Atef Khalaf**, Lecturer of Nursing Administration, Faculty of Nursing - Ain Shams University, for her continuous directions and support throughout the whole work.*

*Words fail to express my love, respect and appreciation to **my husband** for his unlimited help and support.*

*Last but not least, I dedicate this work to **my family**, whom without their sincere emotional support, pushing me forward this work would not have ever been completed.*

Samira Abo Elnour Mostafa

List of Tables

No.	Table	Page
Tables in subjects and methods:		
I	Internship satisfaction questionnaire.	59
Tables in results:		
1	The studied nurse interns demographic characteristics.	66
2	Number and percentage distribution of the studied nurse interns according to their satisfaction with learning opportunities for experiential learning.	69-70
3	Number and percentage distribution of the studied nurse interns according to their satisfaction with health care team support for experiential learning.	71
4	Number and percentage distribution of the studied nurse interns according to their satisfaction with organizational support for experiential learning.	73
5	Number and percentage distribution of the studied nurse interns according to their satisfaction with faculty clinical instructors support for experiential learning.	75
6	Number and percentage distribution of the studied nurse interns according to their satisfaction with the program rules and policies.	76
7	Number and percentage distribution of the studied nurse interns according to their total satisfaction level.	78

No.	Table	Page
8	Relation between the studied nurse interns' satisfaction with learning opportunities for experiential learning and their socio-demographic characteristics.	80
9	Relation between the studied nurse interns' satisfaction level with health care team support for experiential learning and their socio-demographic characteristics.	82
10	Relation between the studied nurse interns' satisfaction level with organizational support for experiential learning and their socio-demographic characteristics.	84
11	Relation between the studied nurse interns' satisfaction level with Faculty clinical instructors support for experiential learning and their socio-demographic characteristics.	86
12	Relation between the studied nurse interns' satisfaction level with program rules and policies and their socio-demographic characteristics.	88
13	Relation between the studied nurse interns' satisfaction level with total Internship Satisfaction and their socio-demographic characteristics.	90
14	Correlation matrix between the studied nurse interns' satisfaction level with total domains of internship satisfaction.	92

List of Tables 

No.	Table	Page
15	Best fitting multiple linear regression models between demographic characteristics of nurse interns and total nurse interns' satisfaction domains	93

List of Figures

No.	Figure	Page
1	Percentage distribution of the studied nurse interns according to their pre university education.	67
2	Percentage distribution of the studied nurse interns according to their graduation degree.	68
3	Percentage distribution of the studied nurse interns regarding to their total satisfaction level of internship satisfaction questionnaire.	79

List of Abbreviations

Abb.	Meaning
ERG	Existence, Relatedness and Growth
ITP	Internship Training Program
PC	Personal Computer
SPSS	The Statistical Package for Social Science
