Throughout work in Ain Shams University Hospitals (3000 beds), the following experience was gained:

Ø *General Surgery:*

Wide experience in both Ambulatory and major general surgeries, starting at hernial repairs & biopsies, through laparotomies & neck surgeries to hepatectomies and oesophagectomies. Also different laparoscopic surgeries have been practiced.

Ø *Urosurgery:*

Different anesthetic techniques were practiced for endoscopies, nephrectomies, urethroplasty, ureteroplasty, radical cystectomies & renal transplantation.

Ø *Neurosurgery:*

Updated experience was gained in different anesthetic regimens for craniotomies and spine surgeries.

Ø *Cardiothoracic surgery:*

Practiced anesthesia for closed & open-heart surgeries including valvoplasty, valve replacement, & coronary bypass grafting. Also practiced anesthesia for correction of different congenital heart diseases in pediatrics and anesthesia for lobectomy & pneumonectomy. This gave me the opportunity to become experienced in central venous and arterial cannulation.

Ø *Gynecology & Obstetrics:*

Wide clinical experience in different methods of emergency anesthesia for high-risk patients in labor. Epidural catheters for painless labor and caesarean section are well experienced.

Ø *Orthopedic surgery:*

Wide experience in different general and regional anesthetic techniques including central neuronal block (subarachnoid & extradural blocks), axillary block & peripheral nerve blocks for major hip, knee and spine surgeries especially in the elderly patients.

Ø *Pediatric surgery:*

Good experience in different anesthetic techniques in neonates, infants, & children including both regional & general anaesthesia for hepatic resection, tracheo-oesophageal fistula repair, congenital diaphragmatic hernia, congenital anal atresia & minor surgical procedures.

Ø Plastic surgery:

Including skin grafts, cleft lip and palate, facio-maxillary reconstruction & microvascular surgery.

Ø Otolaryngology:

Wide experience in anesthesia for oesophagectomies, laryngectomies, block neck dissection and laser surgeries.

Ø Ophthalmic surgery:

Gained experience in general & regional anesthetic techniques, especially in the elderly.

Ø I.C.U.:

Providing care for the following cases:

- § Respiratory failure of different etiologies.*
- § Cerebrovascular accidents.*
- § Polytraumatized & severely injured patients.*
- § Critical postoperative cases.*
- § Critically ill patients.*
- § Multisystem organ failure.*
- § Obstetric I.C.U unit*

Ø Emergency & accidents department:

Gained experience in anesthetic management of polytraumatized and badly injured patients, unprepared emergency cases and resuscitation of critically ill patients (At Ain Shams University Specialized Hospital-1500 bed).

Ø Radiology department:

Gained experience in anesthetic management in MRI, ERCP, PTC, Upper and lower GI endoscopy, radiofrequency and cerebral and Coronary angiography.
