

Cuspal Movement Rate of Conservative Restorations with Low Shrinkage Resin Composite Material

A thesis submitted to the Faculty of Oral and Dental Medicine,
Cairo University in partial fulfillment for the requirements of
Master degree in Operative Dentistry

By
NermineMahrousShabayek
B.D.Sc (2003)

Cairo University

2011

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

(أَقْرَأْ بِاسْمِ رَبِّكَ الَّذِي خَلَقَ ﴿١﴾ خَلَقَ الْإِنْسَانَ مِنْ
عَلَقٍ ﴿٢﴾ أَقْرَأْ وَرَبُّكَ الْأَكْرَمُ ﴿٣﴾ الَّذِي عَلَّمَ بِالْقَلَمِ ﴿٤﴾
عَلَّمَ الْإِنْسَانَ مَا لَمْ يَعْلَمْ ﴿٥﴾)

سُورَةُ الْعَلَقِ (الآيَات ١ - ٥)

Dr. Fayez Mohamed Hassaan

Professor, Operative Dentistry Department

Faculty of Oral and Dental Medicine

Cairo University

Dr. Enas Hussien Mobarak

Associate Professor, Operative Dentistry Department

Faculty of Oral and Dental Medicine

Cairo University

*I would like to express my deepest gratitude and to acknowledge **Dr. Fayez Mohamed Hassaan**, Professor, Operative Dentistry Department, Faculty of Oral and Dental Medicine, Cairo University, for his understanding and continuous encouragement. It has been a privilege to conduct this work under his supervision.*

*Also, I would like to express my sincere gratitude and profound appreciation to **Dr. Enas Hussien Mobarak**, Associate Professor, Operative Dentistry Department, Faculty of Oral and Dental Medicine, Cairo University, for her devoted help, honest efforts, respectable and valuable scientific contribution, close supervision and enthusiastic motivation throughout the work.*

*My sincere gratitude goes to **Dr. Abeer Shaalan**, Associate Lecturer, Oral Pathology Department, Faculty of Oral and Dental Medicine, Cairo University, for her dedicated help and guidance.*

*A very special tribute and appreciation goes to **Dr. Lamia El Hussein Mohamed** and **Dr. Heba Ahmed El-Deeb**, Lecturers, Operative Dentistry Department, Faculty of Oral and Dental Medicine, Cairo University, for their sincere support and genuine help.*

*Many thanks go to my colleague **Dr. Omar Nabil Badran**, private practice for his help throughout this study.*

*To the soul of my beloved father, may God bless his soul
and my precious loving mother whom with their love,
care and guidance made me the person I am.*

To my dear brother who gave me support in my studies.

*To those who martyred in January 2011 seeking
freedom, dignity and social fairness for Egypt.*

I dedicate this work.

List of Contents

	<i>Page</i>
List of Tables.....	III
List of Figures.....	IV
Introduction.....	1
Review of literature.....	3
I. Effect of resin composite restoration on cuspal movement.....	3
II. Polymerization shrinkage evaluation of resin composite.....	14
III. Silorane-based resin composite.....	24
Aim of the study.....	32
Materials and Methods.....	33
I. Materials.....	33
II. Methods.....	35
1. Selection of teeth.....	35
2. Preparation of Specimens.....	36
2.1. Mould and supporting stands fabrication.....	36
2.2. Mounting of specimens.....	36
3. Cavity preparation.....	37
4. Grouping of specimens.....	38
5. Insertion of resin composite.....	40
6. Measurement of cuspal movement.....	41
6.1. Adjustment of specimens and image capturing.....	42
6.2. Analysis of the images.....	43
Results.....	62
1. Dimensions of teeth of both groups.....	63
2. Dimensions of prepared cavities of both groups.....	65

3. Change in cuspal movement over time.....	66
4. Accumulative cuspal movement of both tested groups.....	71
Discussion.....	74
Summary and Conclusions.....	83
References.....	85
Arabic summary.....	93

List of Tables

	<i>Page</i>
Table 1 Resin composite restorative materials and adhesive systems used in the study.....	34
Table 2 Variables of the study.....	39
Table 3 Interaction of variables.....	39
Table 4 Mode of application of the adhesive systems utilized in the study.....	41
Table 5 The descriptive statistics and test significance of teeth dimensions for Filtek™Z250 and Filtek™ P90.....	64
Table 6 The descriptive statistics and test significance of cavity dimensions and C-factor for Filtek™Z250 and Filtek™ P90.....	65
Table 7 The descriptive statistics and test significance of the mean changes in the cuspal movement (µm) for Filtek™Z250 and Filtek™ P90.....	68
Table 8 The descriptive statistics and test significance of accumulative changes in cuspal movement (µm) of Filtek™Z250 and Filtek™ P90.....	72
