Acknowledgement

To ALLAH , goes all my deepest gratitude and thanks for achieving any work in my life.

It is a pleasure to express my deepest thanks and profound respect to my honoured professor, Prof. Dr. Amr Mohamed Nowier, Professor of Urology, Faculty of Medicine, Ain-Shams University, for initiating the idea for this thesis, and for his endless support and sincere advice. It has been an honour and a privilege to work under his generous supervision.

My utmost thanks and deepest gratitude and appreciation goes to Prof. Dr. Abd Alla Ahmed Abd El-All, Assistant Professor of Urology, Faculty of Medicine, Ain-Shams University, for his meticulous scientific supervision and valuable remarks during every step of this work. He offered me great guidance and support, without which this work would never have seen the light.

I am very thankful and expressing my deepest appreciation to Prof. Dr. Abd El-Wahab El-Kassaby , head of urology department Ain Shams University for his very valuable help from the beginning of this work.

Last but not least, my deep appreciation is expressed to all the staff of Urology department, Ain Shams University , and to all members of my family for their co-operation and encouragement.

Mohamed Yassin

Contents

• Introduction	I
• Aim of the work	III
• Review of literature	1
<i>1. Development of urological endoscopy (historical view)</i>	<i>1</i>
