# Acknowledgment

First of all, thanks to **GOD** for help and strength offered to me during this work.

I am greatly indebted and grateful to **Prof. Dr. Metwally Aly Metwally Kotb**, Professor of Bio_Medical Physics, Medical Research Institute, University of Alexandria, for his precious advice, constructive guidance, willing assistance, kindness, valuable support, encouragement and unlimited help which made his supervision a great pleasure to me.

I would like to express my deepest gratitude and appreciation to **Dr. Essam Baligh Ewis**, Assistant Professor of Cardiovascular Medicine, Casr El Eini, Faculty of Medicine, University of Cairo for his laborious effort, indispensable help, patience, as well as for his constant moral support and encouragement. I can hardly express my thanks for all what he has done throughout this work.

I would like to thank the sincere help, guidance and supervision of **Dr. Ayman Osama Kamel**, Lecturer of Radiodiagnosis and Medical Imaging, Faculty of Applied Medical Science, University of 6th October.

A due thanks are extended to **Dr. Heba Said Ramadan**, Lecturer of Medical Bio_Physics, Medical Research Institute, University of Alexandria, for her kind help and remarks.

Last but not least, I owe special thanks and gratitude to my wife and family who nurtured, loved and faithfully supported me throughout this entire work.
