Acknowledgement

It is great honor to express my deep gratitude to Dr. Hedeya Hassan El Ibrashy, Ass. Prof. of Internal Medicine, Faculty of Medicine, Cairo University, under her supervision, I had the pleasure to proceed in this work, I feel deeply thankful to her for her kind care, encouragement, valuable advice and constructive criticism.

I am also greatly indebted to Dr. Hoda Abd El Sattar Mostafa, Lecturer of Internal Medicine Faculty of Medicine, Cairo University, for her close supervision and great care. She has generously offered me much of her time, precious advice and sincere guidance throughout this work, I truly appreciate her patience, honesty and kindness.

I would like to deliver a very special and sincere gratitude to Dr. Laila Ahmed Rashed, Lecturer of Biochemistry Faculty of Medicine, Cairo University, for her tremendous effort, kind assistance and co-operation.

My deepest gratitude and heartfelt thanks to Dr. Abd Razik A M Heiba, Lecturer of Internal Medicine, Faculty of Medicine, Cairo University, for his tremendous efforts and generous co-operation in this work.

My deepest and heartfelt thanks to my parents, my wife, my son, my brothers and my parents in law for their great and generous help and for the facilities offered by all of them for this work to be finished.

All my thanks to all my friends and to every person who participated in this work.

Finally thanks to all the patients who participated in this work and for whom all our efforts are devoted.

Yasser Sayed Ali, 2003

List of the Contents

Title	Page
Acknowledgement	I
List of the Contents	III
List of Tables	VI
List of Figures	VII
List of Abbreviations	VIII
Introduction and Aim of the work	1
Chapter 1 Review of Literature	
Hepatitis B	3
The virus	3
HBV Mutants	4
Epidemiology	6
Natural history and clinical manifestations	8
Extra hepatic manifestations	10
Diagnosis	11
Prevention	14
Treatment	16
Hepatitis C	20
Epidemiology	20
The virus	22
Genotypes	23

Diagnosis	24
Clinical manifestations and natural history	28
Extra-hepatic manifestations of HCV	31
Treatment	35
Endocrine Functions of the Pancreas	
Structure of the pancreas	40
The Endocrine Pancreas	40
The adipoinsular axis	42
Autoimmune Diabetes	
Immune-mediated type 1 diabetes	44
Idiopathic diabetes	45
Immune markers (Islet antibodies)	46
Genetic markers	49
Latent autoimmune diabetes in adults	50
Characterization of LADA	51
Potential strategies for preventing β -cell destruction in LADA	52
Uncommon forms of immune-mediated diabetes	55
Anti-insulin receptor antibodies	56
Chapter 2 Patients and Methods	
Patients	57
Methodology of PCR	58
Methodology of ELISA	64
Methodology of Detection of the Islet Cell Autoantibody (ICA)	66

Statistical Methods	68
Chapter 3 Results	
Results	69
Tables	72
Figures	75
Chapter 4 Discussion	
Discussion	79
Summary	85
