

Environmental Studies on Qalla Drainage Network (Lake Maruit), Using Aquatic Organisms as Bioindicators to Assess Levels of Pollution in it

*A thesis submitted for the award of the degree of
Doctor of Philosophy in Science (Ph. D.) in Zoology (Aquatic
Environment)*

By

Khadra Ahmed Mohammed Ahmed

B. Sc. in Chemistry/Zoology, Cairo University (2001)

M. Sc. in Environment Management, Ain Shams University (2011)

Supervised by

Prof. Magdy Tawfik Khalil

*Professor of Aquatic Ecology
Zoology Department
Faculty of Science
Ain Shams University*

Prof. Abd El-Halim Abdo Saad

*Professor of Invertebrates
Zoology Department
Faculty of Science
Ain Shams University*

**Prof. Mohamed Reda Ali
Fishar**

*Professor of Aquatic Invertebrates
National Institute of Oceanography and
Fisheries*

**Prof. Mohamed Abd El-Salam
Abdel-Meguid**

*Environmental Expert
Environment & Climate Research
Institute (ECRI)
National Water Research Center
(NWRC)*

Dr. Walid Farouk El-Bably

*Soil and Water Sciences Expert
Environment & Climate Research Institute (ECRI)
National Water Research Center (NWRC)*

**Zoology Department
Faculty of Science
Ain Shams University
(2016)**

**دراسات بيئية على شبكة الصرف بمنطقة مصرف القلعه
(بحيرة مريوط) لتقييم مستويات التلوث فيها باستخدام
الكائنات المائية المؤشرات بيولوجية**

رسالة علمية للحصول علي درجة دكتوراة الفلسفة في العلوم
في علم الحيوان (بيئية مائية)

مقدمه من

خضره أحمد محمد أحمد

بكالوريوس علوم (كيمياء/حيوان)، جامعه القاهرة 2001
درجة الماجستير (بيئية مائية)، جامعه عين شمس 2011

المشرفون

أ.د/ عبد الحليم عبده سعد
أستاذ اللاقاريات،
كلية العلوم، جامعه عين شمس

أ.د. مجدى توفيق خليل
أستاذ البيئية المائية،
كلية العلوم، جامعه عين شمس

أ.د/ محمد عبد السلام عبد المجيد
خبير بيئي
معهد بحوث التغيرات المناخيه واثارها البيئيه
المركز القومي لبحوث المياه

أ.د/ محمد رضا على فيشار
أستاذ اللاقاريات المائية
المعهد القومي لعلوم البحار والمصايد

شكر وتقدير

نشكر السادة الأساتذة الذين قاموا بالأشـــــراف

وهم :

(١) أ.د.0 مجدى توفيق خليل

أستاذ متفرغ بعلم - عين شمس

(٢) أ.د.0 عبد الحليم عبده سعد

أستاذ متفرغ بعلم - عين شمس

(٣) أ.د.0 محمد رضا فيشار

أستاذ اللاقاريات - بالمعهد القومى لعلوم البحار والمصايد

(٤) أ.د.0 محمد عبد السلام عبد المجيد

أستاذ بيئة مائية - بمعهد بحوث التغيرات المناخية وأثارها البيئة

(٥) د.0 وليد فاروق البابلى

مدرس علوم الأراضى والمياه - بمعهد بحوث التغيرات المناخية وأثارها البيئة

نشكر أيضا السادة الذين قاموا بمناقشة وتحكيم رسالته

وهم :

(١) أ.د. شحاته السباعي

وكيل كلية العلوم لشئون الطلاب - بجامعة حلوان

(٢) أ.د. جمال الشبراوي

أستاذ لاقاريات - معهد علوم البحار والمصايد

ثم الأشخاص الذين تعاونوا معى فى البـــــحث

وهم :

(١) أ.د.0 خالد عبد الفتاح خير الدين

مدير معهد بحوث التغيرات المناخية وأثارها البيئة

(٢) أ.د.0 محمد بكرى فوزى

نائب رئيس المركز القومى للبحوث المياه

وكذلك الهيئات الآتية:

(١) جامعة عين شمس

(٢) المركز القومي لبحوث المياه

(٣) المعامل المركزيه للرصد البيئي

(٤) المعهد القومي لعلوم البحار والمصايد

كلية : العلوم

إسم الطالب: خضره أحمد محمد أحمد

عنوان الرسالة: دراسات بينيه على شبكة الصرف بمنطقة مصرف القلعه (بحيرة مريوط) لتقييم مستويات التلوث فيها باستخدام الكائنات المانية لثمؤشرات بيولوجية.

الدرجة العلمية: درجة دكتوراة الفلسفة في العلوم

لجنة الأشراف:

(١) أ د د0 مجدى توفيق خليل

أستاذ متفرغ بعلم - عين شمس

(٢) أ د د0 عبد الحليم عبده سعد

استاذ متفرغ بعلم - عين شمس

(٣) أ د د0 محمد رضا فيشار

أستاذ بيئة مائية - بالمعهد القومى علوم البحار والمصايد

(٤) أ د د0 محمد عبد السلام عبد المجيد

أستاذ بيئة مائية - بمعهد بحوث التغيرات المناخية وأثارها البيئة

(٥) د0 وليد فاروق البابلى

مدرس علوم الأراضى والمياه - بمعهد بحوث التغيرات المناخية وأثارها البيئة

إسم الطالب: خضره احمد محمد أحمد

الدرجة العلمية: درجة دكتوراة الفلسفة في العلوم

القسم التابع له: بيئه مائيه - علم الحيوان

التخصص: بيئه مائيه

إسم الكلية: كلية العلوم

الجامعة: عين شمس

سنة التخرج: 2003 / جامعة القاهرة

تاريخ الحصول على الماجستير: 2012 / جامعة عين شمس

ACKNOWLEDGMENT

First of all, I must thank *Allah* most gracious for helping me to go through this work and overcome the difficulties I have faced.

The author would like to express her deep appreciation to **Prof. Magdy Tawfik Khalil**, Professor of Aquatic Ecology and **Prof. Abd El-Halim Abdo Saad**, Professor of Invertebrates, Department of Zoology, Faculty of Science, Ain Shams University for continuous great helps and sincere guidance.

Thanks are also to **Prof. Mohamed Reda Ali Fishar**, Professor of Aquatic Invertebrates, National Institute of Oceanography and Fisheries for supervision and continuous helps.

Grateful and deep thanks to **Prof. Mohammed Abdel Salam Abdel Maguid**, Deputy Director, and **Researcher/ Walid Farouk El-Bably**, Soil and Water Sciences Expert, Environment and Climate Changes Research Institute (ECRI), National Water Research center (NWRC), Ministry of Water Resources and Irrigation (MWRI), for suggesting the point of research and providing laboratory facilities, keen supervision, constructive comments throughout this work as well as the final revision of the manuscript.

Sincere thanks to all the staff members of Environment and Climate Changes Research Institute for all the facilities offered.

Also, my grateful thanks to my family and my friends for their support and encouragement throughout the study.

A black graduation cap with a tassel is positioned above a rolled-up yellow diploma. The diploma is secured with a red ribbon seal that has the word "DIPLOMA" embossed on it. The entire scene is set against a white background with soft shadows.

DEDICATION

To

MY PROFESSORS,

MY PARENTS

&

MY FAMILY

إهداء

إلى والذي الغائب - والذي الحاضر الإنسان الأغلى لدي بالحياه

إلى والدتي أبقاها الله بأفضل حال

إلى إخوتي أسعدهم الله

إلى كل أهلي

إلي من أحبهم في الله ويحبونني

أُمني من الله لوام النور لكل محب والعمون لي والاحبابي
