Acknowledgment

First of all, I wish to express my endless thanks to ALLAH for giving me the help to perform this work and standing by me during the whole of my life.

My sincere gratitude and cordial thanks are due to Prof. Dr. Mohammad Alaa Fakhri Professor of Neurosurgery, Faculty of Medicine, Ain Shams University for giving me the honour of working under his supervision and continuous guidance, moral support and patience in correcting my mistakes throughout the whole work, where no words can be sufficient to express my thanks and gratitude.

Special thanks are due to Prof. Dr. Mohammad Abd El-Moneim Ibrahim Professor of General Surgery, Faculty of Medicine, Ain Shams University for dedicating so much of his precious time and effort and for his honest and constant guidance to complete this work.

I am deeply indebted to the great help offered by Prof. Dr. Emad Mohammad Ghanem Assistant Professor of Neurosurgery, Faculty of Medicine, Ain Shams University to him I owe many valuable remarks and effort, his guidance and kind assistance supported in completing this work.

Finally, I wish to express my deepest thanks and respect to all staff members and my colleagues in Neurosurgery Department for their constant support and help.
