*Benha University
Faculty of Veterinary Medicine
Virology Department*

Preparation & preliminary Investigation of Inactivated and Live glycoprotein-E negative Bovine Herpes Virus-1 vaccines

*Thesis submitted to faculty of veterinary medicine
Benha University*

By

Doaa Ibrahim Amer Rady

(B.V.Sc.2006, Cairo University)

For

The degree of M.V.Sc. (Virology)

Under Supervision of

Prof.Dr.

Gabr Fikry El-Bagoury

Prof. of Virology, And Head of
Department of Virology
Faculty of Veterinary Medicine
Benha University

Prof.Dr.

Alaa Abdel Moniem El-Kholy

Cheif Researcher
Veterinary Serum & Vaccine
Research Institute
Abbasia, Cairo.

Dr. Ehab Mostafa Elnahas

Lecturer of Virology
Department of Virology
Faculty of Veterinary Medicine
Benha University

Acknowledgment

*I am greatly indebted in all my work and success to merciful **ALLAH** who give every thing I have*

*I would like to express my cardiac thanks and all my respects to my supervisor, **Prof.Dr. Gabr Fikry El-Bagoury**, Professor and head of Virology department, Faculty of Veterinary Medicine, Moshtohor, Benha University for his intelligent supervision and continuous criticism which made the completion of this work.*

*I would like to express great thanks and deep gratitude, respect to my supervisor **Prof.Dr. Alaa Abdel Moniem El-Kholy**, cheif Researcher Veterinary Serum & Vaccine Research Institute Abbasia, Cairo for his great efforts, Skillful supervision and useful discussions in every step of my work.*

*My special dedication and great thanks to my supervisor **Dr. Ehab Mostafa Elnhas**, Lecturer of Virology Department of Virology Faculty of Veterinary Medicine-Benha University for his valuable help and great efforts exerted during the writing, giving me the chance to carry out this work.*

*I am greatly indebted to **Prof.Dr. Fekrea Abd Elhafez El-Bardini**, director of Veterinary Serum & Vaccine Research Institute Abbasia, Cairo for her kind guidance to facilitate and help during this work.*

*It is a great pleasure to remember the great help and cooperation of the staff members (**Doctors, Technical and workers**) in Veterinary Serum & Vaccine Research Institute Abbasia, Cairo for their help when ever need.*

*Specially, I would like to thank **Dr.Eman Reda and Dr.Mai Abd El-Rhman** my sisters in our lab for their help and support from the first moment we had been together.*

*I would like to offer my great thanks to my sister in Allah **Yassmin Hussein** and my best friend **Rehab Ahmed** for their constant encouragement and support throughout this study.*

This work is a part of a research project that has been sponsored by the Academy of Science and Technology, cairo, Egypt; No "37" entitled " Construction and production of Marker vaccine in Egypt".

Dedication

To the memory of my father

To my mother

To my beloved husband

To my brother and my sisters

VITA

- The author was born on 1/10/1983 Monofya.
- Her primary education was completed in Abo bakr El-Sdeek primary school in 1994.
- Her preparatory education was completed in Gehan –Elsadat preparatory school in 1997.
- Her secondary education was completed in El-Giza secondary school in 2000.
- Her under graduate and professional education was completed in Faculty of Veterinary Medicine, Cairo University in 2006.
- She occupied the post of a veterinarian in Veterinary Serum & Vaccine Research Institute since 2006.
- She registered for M.V.Sc (Virology), in 2007 at Faculty of Veterinary Medicine, Moshtohour, Benha University.

السيرة الذاتية للباحثة

- . الباحثة من مواليد محافظة المنوفية فى 1983/10/1.
- . أتمت الباحثة دراستها الابتدائية بمدرسة أبو بكر الصديق الابتدائية عام 1994م.
- . أتمت الباحثة دراستها الاعدادية بمدرسة جيهان السادات الاعدادية عام 1997م.
- . أتمت الباحثة دراستها الثانوية بمدرسة الجيزة الثانوية عام 2000م.
- . حصلت الباحثة على بكالوريوس العلوم الطبية البيطرية من كلية الطب البيطرى – جامعة القاهرة عام 2006م.
- . تشغل الباحثة وظيفة طبية بيطرية بمعهد بحوث الأمصال و اللقاحات البيطرية بالعباسة منذ عام 2006م.
- . سجلت الباحثة للحصول على درجة الماجستير فى الفيروسولوجيا عام 2007 بكلية الطب البيطرى بمشهر جامعة بنها.

List of tables

Table No.	Item	Page No.
1	Oligonucleotide primer used for PCR of local BoHV-1 isolates (El-Kholy, 2005):	32
2	Propagation and titration of BoHV-1(Abu Hammad strain) and modified BHV-1 gE negative virus.	47
3	Sterility test of the prepared Live BoHV-1 gE negative, inactivated BoHV-1 gE negative and inactivated BoHV-1(Abu Hammad) vaccines	55
4	Safety test of the prepared Live BoHV-1 gE negative, inactivated BoHV-1 gE negative and inactivated BoHV-1(Abu Hammad) vaccines	55
5	Estimation of mean BoHV-1 Antibody titres (expressed as in log ₁₀ TCID ₅₀) in sera of vaccinated calves using Serum Neutralization Test	57
6	Estimation of mean anti- BoHV-1 antibody titres in sera of vaccinated calves using CHEKIT TRACHITEST SERUM SCREENING ELISA TEST KIT, IDEXX	60
7	Estimation of mean anti-BoHV-1 antibody titres sera of vaccinated calves using (BoHV-1) gE antibody test kit	63

List of figures

Figure No.	Item	Page No.
1	Indirect Immunofluorescence of MDBK cells infected with BoHV-1 (Abu –Hammad virus strain) reacted with reference antiBoHV-1 antiserum and probed with FITC labeled anti bovine IgG.	49
2	Indirect Immunofluorescence of MDBK cells infected with BoHV-1 (BoHV-1 gE negative virus) reacted with reference antiBoHV-1 antiserum and probed with FITC labeled anti-bovine IgG..	50
3	Indirect Immunofluorescence of normal non infected MDBK cells.	51
4	Agrose gel electrophersis of PCR amplicons from gB gene of BoHV-1 genome separated on 1.5% Agrose gel and stained with ethidium bromide.	53
5	Estimation of mean BoHV-1 Antibody titres (expressed as in log ₁₀ TCID ₅₀) in sera of vaccinated calves using Serum Neutralization Test.	58
6	Estimation of mean anti- BoHV-1 antibody titres in sera of vaccinated calves using CHEKIT TRACHITEST SERUM SCREENING ELISA TEST KIT, IDEXX"	61
7	Estimation of mean anti-BoHV-1 antibody titres in sera of vaccinated calves using BoHV-1 gE antibody test kit calves	64
8	Agrose gel electrophersis of PCR amplicons from gB gene of BoHV-1 genome separated on 1.5% Agrose gel and stained with ethidium bromide.	66
