Acknowledgment

Thanks to God who helped me to finish this work.

I find no words to express my extreme respect and appreciation to Prof. Dr. Reda Mahmoud Mostafa, Professor of Surgery, Ain Shams University, For his great guidance and kind encouragement.

It is an honor to record my great indebtedness and gratitude to Prof. Dr. Mohamed Emad Saleh, Professor of Surgery, Ain Shams University, for his valuable advice, experience and generous help to accomplish this study.

I wish to express my deepest thankfulness to Prof. Dr. Khalid Ali Gawdat, Assistant Professor of Surgery, Ain Shams University, who

offered me his limitless support, suggestion and planing of this work.

It is an opportunity to thank Dr. Ayman Ahmad El Baghdadi, Lecturer of Surgery, Ain Shams University, for his good assistance and support.

Lastly, I want to thank every person who gave me an advice and help to perform this work.
