Significance of tissue inhibitor of metalloproteinase in chronic liver diseases and its possible contribution in the pathogenesis of hepatocellular carcinoma

Thesis

Submitted for partial fulfillment of the M.D degree in internal medicine

By

Mohamed Abu El Fotouh El Sayed

M.B., B.Ch., M.Sc.,

Faculty of medicine, Ain Shams University

Supervised by

Dr. Mohamed Awad Alla Sallam, MD, FACP, FRCP(G), FRCP(L)

Professor of internal medicine

Faculty of medicine, Ain Shams University

Dr. Nehad Amer, MD,

Professor of internal medicine

Faculty of medicine, Ain Shams University

Dr. Hanaa Amer, MD,

Assist. Professor of clinical pathology

Faculty of medicine, Ain Shams University

Dr. Essam Baioumy, MD,

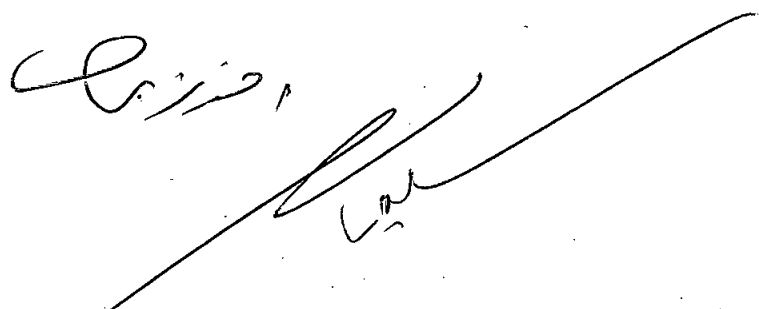

Lecturer of internal medicine

Faculty of medicine, Ain Shams University

وَالْحَمْدُ لِلّٰهِ الَّذِي

And say, 'My Lord!
Increase My Knowledge'

Acknowledgment

I would like to express my deepest gratitude and appreciation to Prof. Mohamed Awad Alla Sallam, Professor of internal medicine, Faculty of medicine, Ain Shams University, for his guidance, fatherly attitude and continuous support and encouragement throughout the whole work.

I wish to express my sincere appreciation to Prof. Nehad Amer, Professor of internal medicine, Faculty of medicine, Ain Shams University for her great help in the whole work & continuous support, guidance, advice & kindness.

I owe more than words can express to Dr. Hanaa Amer, Assistant Prof. of clinical pathology, Faculty of medicine, Ain Shams University for her great help in the laboratory part of my work and for her continuous advice & guidance.

I wish to express my deepest gratitude to Dr. Essam Baioumy & Dr. Essam Farid, Lecturers of internal medicine, Faculty of medicine, Ain Shams University, for their constant guidance, for their kindness & great help to complete this work.

I wish to express my appreciation and thanks to all the staff members of Gastroenterology Dept. and Clinical Pathology Dept. Ain Shams University for their great help.

Last but not least, I wish to express my deepest gratitude to my mother, my brother & my sisters who gave me a lot of their time and help during the preparation of this work.

Mohamed Abou El Fotouh

List of contents

Introduction and aim of the work.....	1
Review of literature	
<i>Chapter-1</i>	
<i>MMPs & TIMPs general considerations.....</i>	<i>4</i>
<i>Chapter-2</i>	
<i>Chronic liver diseases & role of TIMP</i>	
1) Chronic hepatitis.....	18
2) Hepatic schistosomiasis.....	48
3) Liver cirrhosis.....	55
4) Hepatocellular carcinoma.....	78
<i>Chapter-3</i>	
<i>MMP & TIMP in other diseases.....</i>	<i>107</i>
Subjects & methods.....	177
Results.....	130
Discussion.....	170
Summary & conclusion.....	180
References.....	182
Arabic summary.....	231

List of figures

Figure 1: <i>Principle of the immunoassay.....</i>	129
Figure 2: <i>Comparative study between TIMP concentration levels in different studied groups.....</i>	146
Figure 3: <i>Comparative study between AFP concentration levels in different studied diseased groups.....</i>	147
Figure 4: <i>TIMP concentration level in different histopathological grades of CAH.....</i>	148
Figure 5 : <i>TIMP concentration level in different types of CAH.....</i>	148
Figure 6: <i>TIMP concentration level in active and inactive cirrhosis.....</i>	149
Figure 7 : <i>TIMP concentration level in Grade II and Grade III hepatocellular carcinoma.....</i>	150
Figure 8: <i>Stellate cell activation in liver injury.....</i>	174
