ACKNOWLEDGEMENTS

Thanks to God, The Sustainer of all the world for blessing me with the gifts of good friends and made me capable of carrying out this work .

It gives me pleasure to express my sincere appreciation to **Prof. Dr. Osama Aly Mohamed** Professor and Head of Department of Clinical Pathology, Faculty of Veterinary Medicine, Suez Canal University for his Supervision, guidance, encouragement, providing the facilities and criticism.

At the same time, I am deeply indebted to **Dr. Salah El-din mesalhy Aly**, Associate professor of pathology, Faculty of Vet. Med., Suez Canal Univ. for suggesting the problem, supervision and continuous help.

I would like to express my great thanks to all the staff of College of Environmental Agricultural Sciences, **Prof. Dr. Abdel-Shafy Abdel-Samee**, **Prof. Dr. Mosaad Shetaewi** and **Prof. Dr. Abdel-Fattah Belal** for encouragement and help in the biochemical and statistical analysis and also to all the staff of Animal Production Department.

To all of them and to many others of my Professors and colleagues, I am thankful, grateful and obliged .
