Acknowledgement

First and foremost, I thank God who gave me the strength to fulfill this work. I would like to thank **Prof. Dr. Nadia El Ansary**, Professor of internal Medicine, Ain Shams University, who enlightened the way to complete this work with her precious advice, endless help and motherly attitude.

A word of thanks is not much to the great help and kind support of **Prof. Dr. Omayma El Lamie** Professor of Internal Medicine, Ain Shams University, for her great effort and supervision and her support which helped me in this work.

I owe a deep gratitude to **Prof. Dr. Shadia Mabrouk**, Professor of Pathology, Ain Shams University for her guidance and who contributed her valuable time and effort in the supervision of this study.

Good placed **Prof. Dr. Malak Bahgat** Professor of Internal Medicine, Ain Shams University.

I wish also to express my deep appreciation to **Dr. Maha El Tony**, Assistant Professor of Internal Medicine, Ain Shams University who kindly supervised and generously helped me all the way to the end of this study.

At last, but not the least my deepest thanks to all my dear patients.
