ACKNOWLEDGEMENT

I would like to express my deep sense of gratitude to my Professor Dr. Mahmoud El-Sherbiny, for his wise guidance, patience, continuous encouragement and support throughout this work.

I am also grateful to Dr. Hossam El-Geitany, and Dr. Ayman Saleh for their relentless effort, continuous guidance, fruitful suggestions and unlimited help.

I would also like to thank the cath.lab.technitians: Mona, Mohamed and Mahmoud for their cooperation and support.
