Acknowledgment

I would like to express my feelings of gratitude and indebtedness to Prof. Dr. Ahmed Okasha, Emeritus Chairman and Professor of Neuropsychiatry, Institute of Psychiatry, Ain Shams University, for suggesting the topic of this review, his guidance, support, and supply of recent literature.

I am deeply grateful to Prof. Dr. Mohamed Ghanem, Professor of Neuropsychiatry, Ain Shams University, for his constructive criticism, valuable comments, careful and thorough revision of this thesis, as well as his continued support, and generous supply of recent literature.

I also wish to thank Dr. Maha Mohamed Sayed, Lecturer of Neuropsychiatry, Ain Shams University, for her help and supervision.

**DEDICATED
TO MY
FAMILY
& FREINDS**
