**EFFECT OF SOME SOIL PROPERTIES ON SOIL
PRODUCTIVITY IN QUALUBIA PROVINCE**

Bib a78112

By
Safe El-Dine Ahmed Hessien
B.Sc. (Soil Science), Ain Shams University 1967

✓

THESIS

**Submitted in Partial Fulfilment of
the Requirements for the Degree of
Master of Science
in
Soil Science**

**Soils Department
Faculty of Agriculture
Ain Shams University**

1979

6-40

APPROVAL SHEET

Name : Safe El-Dine Ahmed Hessien

Title : Effect of Some Soil Properties on Soil
Productivity in Qualubia Province

Thesis Submitted for the Degree

of

Master of Science

In

Soil Science

This thesis has been approved by:

Prof . Dr .

Prof . Dr .

Prof . Dr .

P. M. Alwan
M. K. Saad
A. Elwan

(Committee in Charge)

Date : / / 1979

ACKNOWLEDGMENT

The author wishes to express his appreciation and deep gratitude to Prof. Dr. Fayed Mady Abdou and Dr.M.K. Rehan , Associate Professor, Faculty of Agriculture, Ain Shams, University for suggesting the problem, supervision, continuous help and constructive criticism throughout the work.

Special thanks are due to Dr.A.M.Elaraby Faculty of agriculture Ain Shams University for helpful discussion.

The author is deeply indebted to Dr.S.H. Ahmed Agricultural expert, Institute of National Planning, for helpful cooperation and advice.

CONTENTS

	Page
1- INTRODUCTION	I
2- PHYSIOGRAPHIC FEATURES OF QUALUBIA PROVINCE	3
2.1 Location and Topography	3
2.2 Climate	4
2.3 Demographic Features of Qualubia Province	13
2.3.1. Total population	13
2.3.2. The Rural population in Qualubia province	16
2.4 Land use in Qualubia province	18
2.5 Irrigation and Drainage system in Qualubia province	21
2.5.1. Irrigation system	21
2.5.2. Drainage system	24
3- MATERIALS AND METHODS	26
3.1 Materials	26
3.2 Methods	30
4- RESULTS AND DISCUSSION	34
4.1 The Analysis of time series data on acreage and productivity of the major cultivated crops in Qualubia Province.	34

4.I.I	The analysis of acreage with respect to time in Qualubia province	34
4.I.I.I	The pattern of land utilization in Qualubia province.....	34
4.I.I.2	The acreage status of horticultural crops in Qualubia province.....	36
4.I.I.3	Acreage of basic horticultural crops with respect to time in Qualubia province	45
4.I.I.4	The acreage status of summer field crops and vegetables in Qualubia province.....	48
4.I.I.5	Acreage of major summer field crops and vegetables with respect to time in Qualubia province.....	68
4.I.I.6	The acreage status of winter field crops and vegetables in Qualubia province	80

4.1.1.7	Acreage of major winter field crops and vegetables with respect to time in Qualubia province.....	93
4.1.2	The analysis of productivity with respect to time in Qualubia province.	106
4.1.2.1	The average productivity of major farm products in Qualubia province compared with its productivity in A.R.E. as average during the period 1965 - 1975.....	106
4.1.2.2	Productivity analysis of major horticultural crops with respect to time in Qualubia province.....	111
4.1.2.3	Productivity analysis of major summer field crops and vegetables with respect to time in Qualubia province during the period 1965 - 1975	118

4.1.2.4	Productivity analysis of major winter field crops and vegetables with respect to time in Qualubia province during the Period 1965 - 1975	135
4.2	Some physical and chemical soil properties and its effect on productivity of the major crops cultivated in Qualubia province	156
4.2.1	Soil evaluation	156
4.2.2	The analysis of soil productivity in Qualubia province with respect to some soil properties	160
4.2.2.1	The relation of CaCO_3 content to soil productivity	177
4.2.2.2	The relation of soil salinity to soil productivity in Qualubia province.....	180
4.2.2.3	The relation of soil Alkalinity to soil productivity in Qualubia province.	183

4.2.2.4	The relation of cation exchange capacity to soil productivity..	185
4.2.2.5	The relation of water table to soil productivity in Qualubia province.....	186
4.2.2.6	The relationships of the selected soil properties to the productivity of the soils in Qualubia province.	190
5.	SUMMARY	198
6.	REFERENCES	201
	ARABIC SUMMARY	

LIST OF TABLES

No.		Page
1	Climatological data at Benha Station (as average for the period (1931-1975)).....	6
2	Climatological data at Bahig Station (as average for the period (1967-1975))	9
3	The annual average of the climatological normals at Benha and Bahig Station	12
4	The population of Qalubia province compared with the total population of the country for the period (1907-1976)	14
5	Distribution of Rural population in Qalubia Province Within (1917-1976)	17
6	Cultivated acreage and Non-cultivated acreage in Qalubia distributed among its districts in (1975)	20
7	The Cultivated acreage and land utilization in Qalubia province as compared to that of A.R.E. in 1975 ...	22
8	The acreage (in feddans) of horticultural crops in Qalubia province compared with total acreage of the A.R.E during the period 1965-1975	38
9	The area (in feddans) of basic fruit crops in Qalubia province during the period (1965-1975)	40

No.		Page
10	The results of the analysis of horticultural crops acreage with respect to time in Qualubia Province	46
11	The calculated averages and the relative contribution of the summer field crops and vegetables during the period 1965-1975	54
12	Acreage of maize-corn in Qualubia districts	57
13	Acreage of cotton in Qualubia districts	58
14	Acreage of rice in Qualubia districts	60
15	Acreage of summer vegetables in Qualubia Districts	63
16	Acreage of tomatoes in Qualubia districts	64
17	Acreage of squash in Qualubia districts	66
18	Acreage of some summer field and vegetables crops in Qualubia province	67
19	Statistical analysis for results of summer field crops and vegetables in Qualubia province	69
20	Statistical analysis for results of the major field crops and vegetables in Qualubia districts	70
21	The calculated averages and the relative contribution of the winter field crops and vegetables during the period 1965-1975	81
22	Acreage of clover in Qualubia districts	83

No.	Page
23	Acreage of wheat in Qualubia districts 85
23b	Acreage of green bean in Qualubia districts 87
24	Acreage of vegetables in Qualubia districts ?..... 89
25	Acreage of tomatoes in Qualubia districts 90
26	Acreage of some winter field and vegetable in Qualubia province 92
27	Statistical analysis for results of the major winer field crops and vegetable acreage as related to time in Qualubia province 94
28	Statistical analysis for results of the major winter field crpps and vegetables acreage with respect to time in Qualubia districts 95
29	Average productivity of major horticultural crops in Qualubia province compared with their in the A.R.E. during the period 1965-1975 107
30	Average productivity of major summer and winter field and vegetables in Qualubia province compared withe their in the A.R.E. during the period 1965-1975 109
31	Productivity per feddan of horticultural crops in Qualubia province 112
32	The statistical analysis results of the productivity of major horticultural crops with respect to time in Qualubia province 114

No.	No.	Page
48	33	Productivity of cotton per feddan in Qualubia districts .. 119
49	34	Productivity per feddan of maize-corn in qualubia districts ... 120
	35	Productivity per feddan of rice in Qualubia districts 122
51	36	Productivity per feddan of tomatoes in Qualubia districts 123
	37	Productivity per feddan of squash in Qualubia districts .. 125
5	38	Productivity per feddan of some summer field and vegetables in Qualubia province 126
5	39	Statistical analysis of main summer field and vegetables productivity in Qualubia province 128
	40	Statistical analysis of main summer field and vegetables productivity as related to time in Qualubia districts 129
	41	Productivity per feddan of wheat in Qualubia districts ... 136
	42	Productivity per feddan of Barley in Qualubia districts .. 138
	43	Productivity per feddan of Green bean in Qualubia districts 139
	44	Productivity per feddan of Clover seed in Qualubia districts 140
	45	Productivity per feddan of ^{winter} tomatoes in Qualubia districts 142
	46	Productivity per feddan of ^{winter} squash in Qualubia districts .. 143
	47	Productivity per feddan of some field and vegetables in Qualubia province 144
