

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

"الْحَمْدُ لِلَّهِ الَّذِي هَدَانَا لِهَذَا

وَمَا كُنَّا لِنَهْتَدِيَ لَوْلَا أَنْ

هَدَانَا اللَّهُ"

**Evaluation of sealing ability and  
retrievability of GuttaCore obturating  
material  
(An in vitro study)**

Thesis submitted to the Endodontic Department,  
Faculty of Dentistry, Ain Shams University

For  
Partial fulfillment of requirements of the  
Master degree in Endodontics

Submitted by  
**Mohammed Ibrahim El-Shahat Hassan Kabil**  
B.D.S Ain Shams University (2011)  
Faculty Of Dentistry – Ain Shams University  
2017

# **Supervisors**

***Prof. Dr. Salma El-Ashry***

Professor of Endodontics  
Faculty of Dentistry, Ain Shams University

***Dr. Maram Obeid***

Associate professor of Endodontics  
Faculty of Dentistry, Ain Shams University

# Acknowledgement

First and for most, thanks are due to **ALLAH**, *the most beneficent and merciful*.

I would like to express my sincerest gratitude to **Prof. Dr. Salma El Ashry**, Professor of Endodontics, Faculty of Dentistry, Ain Shams University. The door office was always open whenever I ran into a trouble spot or had a question about my research or writing. She consistently allowed this thesis to be my own work and steered me in the right direction whenever she thought I needed it.

I would also like to express my sincere gratitude and thanks to **Dr. Maram Obeid**, Associate Professor of Endodontics Faculty of Dentistry, Ain Shams University for her continuous supervision, guidance, encouragement, and support.

Finally, I must express my very profound gratitude to the Endodontic department – Ain Shams University for providing me with unfailing support and throughout my years of study and through the process of researching and writing this thesis.

# Dedication

I would like to dedicate this thesis to

*My parents*

*My wife*

*My friends*

For their endless support and encouragement

This accomplishment would not have been possible  
without you

*Thank you.*
