LIST OF TABLES

- **Table (1):** Relation between the patients group & the control group as regard age.
- **Table (2):** Relation between the patients group & the control group as regard sex.
- **Table (3):** Laboratory data (mean $\pm$ S.D) of the patients group & the control group.
- **Table (4):** Distribution of HBsAg, HCVAB, and both in positive cases of HEV.
- **Table (5):** Distribution of hepatitis markers in the patients group.
- **Table (6):** Relation between number of blood transfusions & presence of hepatitis marker in positive cases for HEV.
- **Table (7):** Distribution of the mean value in the patients group & in the positive cases for HEV as regard; number of blood transfusions, duration of haemodialysis & hours/week on haemodialysis.

LIST OF FIGURES

- **Figure (1):** Distribution of the mean value of age in the patients group & the control group.
- **Figure (2):** Relation between the patients group & the control group as regard sex.
- **Figure (3):** Distribution of HBsAg, HCVAB, both (HBsAg & HCVAB) and HEVIgG in the patients group.
- **Figure (4):** Distribution of HBsAg, HCVAB, and both in positive cases of HEV.

ACKNOWLEDGMENT

Acknowledgment

first and foremost, I feel always indebted to allah, the most beneficent and merciful.

*I would like to express my sincere gratitude to **Prof. Dr. Amr Fateen**, Prof. of Internal Medicine & gastroentrology. Faculty of Medicine, Ain-Shams University. whose guidance, brotherly attitude, moral support and follow up of the progress of this work were certainly the most real steps in accomplishing this work.*

*Profound gratitude is expressed to **Prof. Dr. Essam Khedre**, Prof. of Internal Medicine & Nephrology. Faculty of Medicine, Ain-Shams University. For his continuous guidance, his fruitful criticism and generous advice throughout the whole work.*

*Great indebtedness is offered to **Prof. Dr. Laila Al-Shawarby**, Prof. of Clinical Pathology. Faculty of Medicine, Ain-Shams University. For her generous efforts she had made in the practical part of this work. Without her assistance this work could not be done.*

INTRODUCTION
