

A SEROPREVALENCE STUDY OF HERPES SIMPLEX VIRUS TYPE 2 IN FEMALES IN CHILDBEARING PERIOD

رقم الرسالة

THESIS

Submitted for partial fulfillment of
Master degree
In Basic Medical Science (Microbiology)

BY

Ola Ibrahim Ahmed

M.B., B.Ch.

Demonstrator of Microbiology and Immunology,
Faculty of Medicine, Ain Shams University.

Supervised by

Prof. Dr. Hela Abdel-Salam Haroun

Prof. of Microbiology & Immunology,
Faculty of Medicine, Ain Shams University.

Assist. Prof. Dr. Amani Mostafa Kamal

Assist. Prof. of Microbiology & Immunology,
Faculty of Medicine, Ain Shams University.

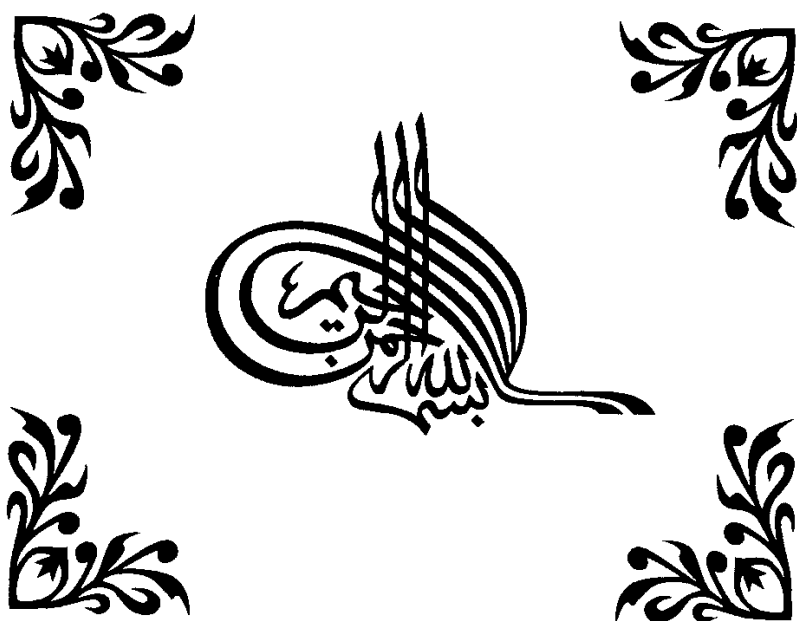

Dr. Amr El-Shalakany

Lecturer of Obstetrics and Gynecology,
Faculty of Medicine, Ain Shams University.

Faculty of Medicine
Ain Shams University
Cairo 1998

To

 *My Parents* 

*The favours of whom I will have to repay for as
long as I live*

Ola Ibrahim

Acknowledgement

Thanks to God, the most gracious, most merciful who allowed and helped me to accomplish this work.

*I would like to express my utmost gratitude to **Prof. Dr. Abla Abdel-Salam Haroun**, professor of Microbiology and Immunology, Faculty of Medicine, Ain Shams University, for her kind supervision and encouragement.*

*Words stop short when they come to express my feelings of gratitude toward assist. prof. Dr. **Amany Mostafa Kamal** assistant professor of Microbiology and Immunology, Faculty of Medicine, Ain Shams University, who, with great wisdom, taught me the value of education and her relentless efforts enlightened my way to get the best out of this work.*

*My greatest thanks go to **Dr. Amr El-Shalakany**, lecturer of Obstetrics and Gynecology, Faculty of Medicine, Ain Shams University, for his priceless guidance and precious advice.*

Last but not least, my greatest thanks and best regards to my colleagues in the Department of Microbiology and Immunology, hoping them the best in their research work.

Ola Ibrahim

CONTENTS

- Introduction	1
- Aim of the Work	2
- Review of Literature	
• History	3
• Classification	5
• Morphology and Structure	7
• Structure of Herpes virus Genome	8
• Replication	10
• Latency	13
• Epidemiology	15
• Host immunologic response	18
• Pathology and Pathogenesis	21
• Clinical Manifestations	23
• Diagnosis	30
• Management	37
• Vaccination	43
- Subjects and Methods	47
- Results	55
- Discussion	72
- Summary, conclusion and Recommendations	79
- References	82
- Arabic Summary	

LIST OF TABLES

- Table (1)** *Human herpes viruses.*
- Table (2)** *Results of HSV-2 IgG antibody among studied groups.*
- Table (3)** *Comparison among studied groups regarding HSV-2 IgG titer.*
- Table (4)** *Frequency distribution of variables in the studied groups.*
- Table (5)** *Relation between HSV-2 IgG and socioeconomic status.*
- Table (6)** *Relation between HSV-2 IgG and menses.*
- Table (7)** *Relation between HSV-2 IgG and abortion.*
- Table (8)** *Relation between HSV-2 IgG and preterm labour.*
- Table (9)** *Relation between HSV-2 IgG and symptoms of genital herpes (HSV-2).*
- Table (10)** *Relation between HSV-2 IgG and symptoms of oral herpes (HSV-1).*
- Table (11)** *Relation between HSV-2 IgG and husband symptoms.*
- Table (12)** *Relation between HSV-2 IgG and treatment of genital infections.*
- Table (13)** *The results of the Pap smears of the non-pregnant cases.*

LIST OF FIGURES

- Figure (1)** *Schematic representation of the arrangement of DNA sequences in the HSV genome.*
- Figure (2)** *The method for qualitative determination of specific IgG to HSV-2 (ELISA technique).*
- Figure (3)** *Results of HSV-2 IgG in the studied groups.*
- Figure (4)** *Mean titer of HSV-2 IgG in the studied groups.*
- Figure (5)** *Frequency distribution of socioeconomic status in the studied groups.*
- Figure (6)** *Frequency distribution of abortion in the studied groups.*
- Figure (7)** *Frequency distribution of preterm labour in the studied groups.*
