Acknowledgement

First, thanks to **Allah**, who made me able to accomplish this work.

I would like to express my profound gratitude and respect to *Prof. Dr. Zeinab Loutfi*, Professor and Chairman of the Psychiatric Nursing, High Institute of Nursing, Ain Shams University, for her motherly care, constructive criticism and continuous encouragement throughout the whole work. It was by her continuous guidance that this work has come to light.

I would like to express my deepest thanks and gratitude to *Prof. Dr. Mohamed Ghanem*, Professor of Psychiatric Medicine, Faculty of Medicine, Ain Shams University, for his valuable assistance and kind supervision in conveying his experience to complete this work.

I would like to express my deepest thanks and gratitude to *Dr. Omayma Abou Baker*, Lecturer of Psychiatric Nursing, High Institute of Nursing, Ain Shams University for her faithful help and effort in producing this work.

I would like to express my thanks to all the staff members in Counseling Clinic at Institute of Psychiatry, Ain Shams University, for their continuous cooperation and help.

Finally, I would like to express my thanks to my parents and my brother Ahmed, for their help and cooperation.

Safar

*To my
Lovely
Family*

Sahar
