ACKNOWLEDGEMENT

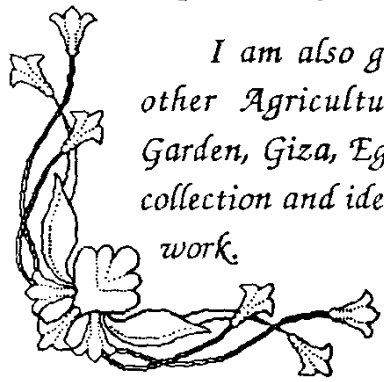

The student is greatly indebted to Dr. A. S. Al-Nowaihi, Prof., of plant Taxonomy Botany Dept., Faculty of Science, Ain Shams University for suggesting the point and continuous guide and help throughout the present work.

Sincere appericiation are devoted to Dr. S. F. Khalifa, Prof. of Plant Taxonomy & Flora Botany Dept. Faculty of Science, Ain Shams University for direct supervision and pursuing this work.

Also, I express my thanks to Dr. Seham M. Moustafa, Prof. of Plant Physiology and Head of Botany Dept. , and Prof. Dr. W. A. El-Saadawi, Ex-Head of Botany Dept., Faculty of Science, Ain Shams University.

Thanks are also due to Dr. M.M.Mourad, Lecturer of plant Taxonomy for his Kind guidance.

Thanks are also due to staff members and the research students of plant Taxonomy and Botany Department for their kind encouragement.

I am also grateful to Mrs. Teriza Labib and other Agricultural Engineers at Orman Botanic Garden, Giza, Egypt. for their valuable help during the collection and identification of some taxa of the present work.

This thesis has not been submitted for a
degree at this or any other university.

Sherif M. Sharawy.

CONTENTS

PREFACE	I
SCOPE OF THE THESIS	III

PART I

SECTION A :

HISTORICAL INTRODUCTION	1
I. CLASSIFICATION OF MONOCOTYLEDONEAE	1
II. FLORAL ANATOMY	19
III. NATURE OF INFERIOR OVARY.....	23

SECTION B :

MATERIALS AND METHODS	27
I. MATERIALS	27
II. METHODS	29

PART II

OBSERVATIONS	32
--------------------	----

SECTION A :

AMARYLLIDACEAE.....	32
I. GEOGRAPHICAL DISTRIBUTION	32
II. TAXONOMIC POSITION AND AFFINITY.....	32
III. PHENOLOGY.....	33
IV. ECONOMIC IMPORTANCE	33
V. TAXA STUDIED AND RESULTS	35

GENUS (1) AGAVE

	Page
1.1.1. A. AMERICANA, L.....	35
2.1.2. A. LOPHANTHA, SCHIEDE.....	40
3.1.3. A. SISALANA, PERRINE.....	42
GENUS (2) CLIVIA	
4.2.1. C. MINIATA, REGEL.....	44
