CORONARY ARTERY DISEASE IN PATIENTS WITH PERIPHERAL ARTERIAL DISEASE AND ITS IMPACT ON PERIOPERATIVE COMPLICATIONS

THESIS
Submitted for Partial Fulfillment of
M.D. Degree in Cardiology

By

Ahmad Mahmoud Ali
(M.B.B.Ch., M.S.)

Supervised By

Professor M. Khairy Abdel-Dayem
Vice Dean of Faculty of Medicine
Professor of Cardiology
Ain Shams University

Professor Ramez R. Guindy
Professor of Cardiology
Ain Shams University

Professor Adel M. El-Etriby
Professor of Cardiology
Ain Shams University

Professor Mona I. Abou El-Saud
Assisstant Professor of Cardiology
Ain Shams University

Faculty of Medicine
Ain Shams University
1997

ACKNOWLEDGMENT

I would like to express my greatest gratitude *to Professor M. Khairy Abdel- Dayem* for his inspiration, guidance and sincere direction although my work.

I am deeply grateful to *Professor Ramez Guindy* for his concern, encouragement and kind assistance.

I am also greatly indebted to *Professor Adel El-Etriby* for his keen supervision and valuable suggestions.

Many thanks go to *Professor Mona Abou El-Soud,* who gave me much of her precious time and advice. I really appreciate her efforts with me.

I would like to record my special thanks to all the members of the nuclear cardiology laboratory ; my colleagues ***Dr. Salah Demerdash*** and ***Dr. Amr Adel*** together with the dear ***Khalid El- Bana*** for their help to complete this work.

Finally, I thank my colleagues in vascular surgery department for their cooperation and assistance.

LIST OF ABBREVIATIONS

AAA : Abdominal Aortic Aneurysm

CAD : Coronary Artery Disease

CRI : Cardiac Risk Index

DCRI : Detsky Cardiac Risk Index

DSE : Dobutamine Stress Echocardiography.

DTI : Dipyridamole Thallium Imaging

ECG : Electrocardiography, Electrocardiographic

EF : Ejection Fraction.

EST : Exercise Stress Testing.

GCRI : Goldman Cardiac Risk Index

LV : Left Ventricle, Left Ventricular

MI : Myocardial Infarction.

PAC : Premature Atrial Contraction.

PVC : Premature Ventricular Contraction.

PVD : Peripheral Vascular Disease.

RNVG : Radionuclide Ventriculography.

SPECT : Single Photon Emission Computed Tomography

^{99m}**Tc** : Technetium - 99m

^{201}**Tl :** Thallium - 201.

LIST OF TABLES

Table no.	Title	Page
1-1	Classification of CAD as related to the site of PVD	8
1-2	Classification of CAD as related to clinical presentaion	9
1-3	Incidence of silent myocardial ischemia in patients with PVD based on ambulatory ECG monitoring	10
1-4	Incidence of perioperative MI in aortic operations	12
1-5	Incidence of prioperative MI in femoropopliteal and femorotibial operations	13
1-6	Mortality in patients undergoing vascular surgery	14
1-7	Dripps - ASA physical status score	40
1-8	GCRI for noncardiac surgery	42
1-9	GCRI score and classes	42
1-10	DCRI for noncardiac surgery	45
1-11	Kalra clinical risk score	51
1-12	Prognostic value of myocardial perfusion imaging for assessment for perioperative cardiac risk in patients undergoing vascular surgery (Studies using DTI)	66

Central Library - Ain Shams University

Table no	Title	Page
1-13	Prognostic value of myocardial perfusion imaging for assessment for perioperative cardiac risk in patients undergoing vascular surgery (Studies other than DTI).....	78
3-1	Surgical characteristics of surgery group.....	112
3-2	Fatal and potentially fatal perioperative complications in the surgery group.....	115
3-3	Clinical characteristics of the study population.....	117
3-4	Clinical characteristics of the event and no event groups.....	119
3-5	ECG abnormalities in the study group.....	121
3-6	Distribution of the different study groups according to GCRI score and class.....	126
3-7	Distribution of the different study groups according to Kalra score.....	132
3-8	Distribution of the different study groups according to Eagle's criteria.....	132
3-9	Dipyridamole-induced side effects.....	137
3-10	Hemodynamic response to dipyridamole.....	138

Central Library - Ain Shams University

Table no	Title	Page
4-1	Incidence of associated CAD and PVD as detected by DTI	167
4-2	Perioperative complications in patients undergoing vascular surgery	169
