ACKNOWLEDGEMENT

** I am greatly honoured that I have worked under the supervision of **Prof. Dr. Hoda Ahmed El-Deep**. Professor of Radiodiagnosis, Faculty of Medicine, Ain Shams University. Without her guidance, kind help and support, the accomplishment of this work could not be a fact.*

I shall always be grateful for her kind suggestion of the subject of study undertaken in this work and for her close supervision of all details of this work.

** I am greatly in debted and appreciated to **Dr. Mohamed Abdel-Aziz**, lecturer of Radiodiagnosis, Faculty of Medicine, Ain Shams University for his valuable advice and encouragement throughout this work.*

Ahmed Farouk

List of Figures

	List of Figures	Page
Fig. (1)	The visual sensory system	3
Fig. (2)	Orbital contents	5
Fig. (3)	Dissection of orbit from lateral Approach	5
Fig. (4)	Optic nerve	6
Fig. (5)	a) Sagittal section of optic chiasm and pituitary gland	8
	b) Optic chiasm and surrounding	9
Fig. (6)	Base of the brain	13
Fig. (7)	Dissection of the base of the brain to show the optic tracts and left optic radiation	15
Fig. (8)	Visual field defects for lesions in various parts of visual pathways	53
Fig. (9)	Axial section for optic nerve, chiasma..	61
Fig. (10)	Coronal section for sella region	62
Fig. (11)	Axial Section for visual pathway (optic tract, lateral geniculate body, optic radiation)	63
Fig. (12-14)	Optic nerve glioma	66-68

List of Figures

Fig. (57) Grade III Astrocytoma	118
Fig. (58) Anterior and Posterior optic pathway glioma	119
Fig. (59) Multiple sclerosis	121
Fig. (60) Progressive multifocal leukoencephalopathy (PML)	122
Fig. (61) Brain Abscess	124
Fig. (62) Brain parenchymal cysticercosis	125
Fig. (63) Arteriovenous malformation	127
Fig. (64) Cerebral haemorrhage	129
Fig. (65) Cerebral infarction	131
Fig. (66) Haemorrhagic infarction	132
Fig. (67) Hemorrhagic infarction	133

Contents	Page
* Introduction and Aim of the Work	1
* Anatomy of visual tracts	2-17
* Pathology of visual tract lesions	18-53
* Technique of MRI examination of visual tracts	54-60
* Normal MRI appearance of visual tracts	61-64
* MRI manifestation of visual tract lesions ...	65-133
* Summary and conclusions	134-136
* References	137-149
