﴿ وقل اعملوا فسيرى الله عملكم

ورسوله والمؤمنون ﴾

صدق الله العظيم [التوبة ١٠٥]

To the soul of
my parents

Acknowledgement

I am greatly honoured to express my thanks to God.

I want to express my thanks to ***Prof. Dr. Mohamed Ali Madwar***, Professor and Head of Tropical Medicine Department, Faculty of Medicine, Ain Shams University. For his constructive supervision of the work.

Also, I would like to express my gratitude to ***Prof. Dr. Mohamed Fawzy Montasser***, Professor of Tropical Medicine, Faculty of Medicine, Ain Shams University, for suggestion of the subject of thesis, continuous supervision and guidance throughout the work.

I would like also to express my thanks to ***Prof. Dr. Mobark Mohamed Hussein***, Professor of Tropical Medicine, Faculty of Medicine, Ain Shams University, for his constructive supervision of the work.

Many thanks to ***Dr. Taysser Ali Younes***, Assistant Professor of Parasitology, Faculty of Medicine, Ain Shams University, for the help and cooperation throughout practical part of the work.

Also I'm indebted to ***Dr. Sanaa Moharram Kamal***, Lecturer of Tropical Medicine, Faculty of Medicine, Ain Shams University for her continous help and cooperation throughout all stages of the work.

I would also to thank all members of Tropical Medicine Department, Faculty of Medicine, Ain Shams University.

Content

Introduction and Aim of the Work	1
Review of Literature	3
- Class Trematoda	3
- Class Cesto da	25
- Class Nematoda	27
- Protozoa	37
Patients and Methods	50
Statistical Analysis	57
Results	58
Discussion	85
Summary	99
Conclusion and Recommendation	101
References	104
Arabic Summary	

List of Tables

Table No.		Page No.
1	Sex distribution among 10526 cases	69
2	The incidence of parasitic infestation among different age groups in the retrospective study.	70
3	Seasonal incidence of parasitic infestation in the retrospective study.	71
4	The incidence of parasitic infestation in urban and rural areas in the retrospective study.	72
5	Sex distribution of parasitic infestation in the “examined cases”.	72
6	Parasitic infestation among different age groups in the “examined cases”.	73
7	The incidence of parasitic infestation in urban and rural areas in the “examined cases”.	73
8	Clinical picture of parasitic infestation of the examined cases (A.) symptoms.	74
9	Clinical picture the examined cases (B) signs.	75
10	Results of therapy in different parasitic infestation.	76

List of Figures

Fig. No.		Page No.
1	Sex distribution among the most common parasitic infestation of the retrospective study.	77
2	Sex distribution among the less common parasitic infestation of the retrospective study.	78
3	Incidence of parasitic infestation among different age groups of the retrospective study.	79
4	Seasonal incidence of parasitic infestation of the retrospective study.	80
5	The incidence of parasitic infestation in urban and rural areas of the retrospective study.	81
6	Sex distribution of parasitic infestation of the examined cases.	82
7	Parasitic infestation among different age groups of the examined cases.	83
8	The incidence of parasitic infestation in urban and rural areas of the examined cases.	84
