Dr. SAFIA EFFAT
Ass. Prof. of Psychiatry
Ain Shams University

Cairo 1997

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قالوا

سبحانك لا علم لنا إلا ما علمتنا

إنك أنت العليم الحكيم

صدق الله العظيم

سورة البقرة (الآية ٣٢)

Acknowledgment

I would like to express my sincere appreciation to **Prof. Dr. Mostafa Kamel**, chairman of Neuropsychiatric department, Ain Shams University for his honoring me by supervising this work, and for his continuous guidance and encouragement. I am deeply appreciating his kind assistance and support.

I would like to express my sincere indebtedness and my deep thanks and appreciation to **Prof. Dr. Adel Sadek**, Professor of Psychiatry, Ain Shams University for his marked and undeniable efforts. I am most appreciative for his helpful guidance and precious encouragement.

I would like to express my deepest gratitude and utmost appreciation to **Prof. Dr. Mohamed Refaat El Fiky**, Professor of Psychiatry, Ain Shams University, who with extraordinary foresight suggested this work, inspired its themes and continuously guided me with his constructive criticism, careful supervisions and endless enthusiasm, without his inspiration this work could have not been created.

I like to express my gratefulness and much thanks to **Dr. Safia Effat**, Assist. Prof. of Psychiatry, Ain Shams University who deserves all consideration and respect for her great support, guidance and help.

My sincere appreciation and much thanks to **Dr. Mona Tawfik** head of Neuropsychiatric Department, Ahmed Maher teaching hospital for her support.

No words ever spoken, can express my thanks and gratitude to all my respectful professors and colleagues, who markedly helped and supported me during the course of work.

My deep thanks to all the team of psychology, Ain Shams University for their cooperation.

Lastly, I have to thank those who without them no work could ever be done, my kind parents.
