DISCUSSION AND JUDJMENT COMMITTEE

The vice-president for higher studies and research of Ain-Shams University has approved to form the following committee for the discussion of Mr. *Khaled Saber Ibrahim*

1. Prof. Dr. *Sarabia Bahader* - Dean of Institute of Postgraduate Childhood Studies... Chairman. *SM*.....
Prof. of Psychology - Ain Shams University
2. Prof. Dr. *Sarabia Abd. El. Fatah* - Prof. of Pediatrics Faculty of medicine - Ain Shams University. Member. *Sarabia*...
3. Prof. Dr. *Eman Soud* - Prof. of Pediatrics. Faculty of medicine. Cairo university. Member. *Eman*.....
4.
..... Member.

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

قَالُوا سُبْحٰنَكَ لَا عِلْمَ لَنَا اِلَّا مَا عَلَّمْتَنَا
اِنَّكَ اَنْتَ الْعَلِیْمُ الْحَكِیْمُ

صدق الله العظيم
(آية ٢٢ من سورة البقرة)

**TO MY PARENTS,
MY WIFE,
AND TO AHMED**

ACKNOWLEDGMENT

I would like to express my cardinal thanks and gratitude to Professor Dr. Saadia Bahader, Dean of Institute of Postgraduate Childhood Studies and Professor of Psychology, Ain Shams University, not only for giving me this chance to work under her supervision, but also for the great scientific help, valuable guidance and kind supervision.

I would like to express my deep thanks and gratitude to Professor Dr. Raafat A. Hanna, Professor of Biochemistry, National Research Center, for his kind supervision and the continuous guidance.

I wish to express my cardinal thanks and gratitude to Professor Dr. Mohamed Samy El Shimi, Assistant Professor of Pediatrics, Ain Shams University, for his continuous guidance, solving many problems, for his great scientific help and kind supervision.

I am greatly indebted to Dr. Gamal Samy, lecturer of Medical childhood studies, Institute of Postgraduate Childhood Studies, for his interest, revising the manuscript, for his valuable help and advice and his continuous guidance.

Special thanks and gratitude to Dr. Zakaria El Khayat, lecturer of Medical Physiology, National Research Center, for his great help in the practical part of this work and for his continuous guidance.

List of Abbreviations	X
Introduction and Aim of work	1
Review of Literature	
- Plasma lipids	4
- Plasma lipoproteins	10
- Apolipoproteins	22
- Apolipoprotein abnormality	36
- Nutritional assessment	48
- Protein energy malnutrition	71
- Prevalence of PEM	72
- Classifications of PEM	74
- Pathophysiology of PEM	80
- Clinical picture of PEM	88
- Mild PEM	88
- Moderate to severe forms of PEM	91
- Kwashiorkor	91
- Marasmus	100
- Marasmic kwashiorkor	105
- Diagnostic tests of PEM	106
- Treatment of PEM	109
- Criteria of cure of PEM	123

III

- Long term effects of PEM	125
- Preventive programmes of PEM	127
- Lipids, Lipoproteins and apolipoproteins alterations with PEM	131
Subjects and methods	142
Results	156
Discussion	224
Conclusion	246
Recommendations	248
