and
Children

Acknowledgment

I wish to express my gratitude and obligation to my thesis committee members; Prof. Dr. Osman Galal, Prof. Dr. Kadry Hefny, Prof. Dr. Zienab Beshry and Prof. Dr. Sohair Salem for their participation in planning this work.

Appreciation is expressed to Prof. Dr. Osman Galal, Professor of Pediatrics and Chairman of Child Health Department, National Research Center for his generous help, constructive criticism and precious advice.

To professor Dr. Kadry Hefny, Chairman of Postgraduate Childhood Studies, Ain-Shams University for his supervision, guidance, and sincere help and encouragement.

I am deeply grateful to prof. Dr. Zienab Beshry, Professor of Psychiatry, Institute of Post-graduate Childhood Studies, Ain-Shams University for her Kind supervision, valuable help, guidance and constructive criticism during this study.

Thanks and gratefulness will not be enough to express my deepest obligation to Prof. Dr. Sohair Salem, Professor of Nutritional Biochemistry, Child Health Department, National

Research Center, for her kind supervision, unlimited effort, offering me much of her precious time, revising and adding valuable comments to the study.

It is an ethical duty to express my thanks to all my colleagues and staff of the Child Health Lab., National Research center for the great help they offered during the work in this thesis.
