

Management Of High Anal Fistula
Thesis

**SUBMITTED FOR PARTIAL FULFILLMENT
OF MASTER DEGREE IN GENERAL
SURGERY**

By
Sherif Salah Abd El - Raof
M.B.B.CH

Supervised By

DR. KHALED ABED EL HAMID AUF

Assistant Professor Of General Surgery
Faculty Of Medicine Ain Shams University

DR. MAHMOUD AHMED EL SHAFAI

Lecturer Of General Surgery
Faculty Of Medicine Ain Shams University

1996

ACKNOWLEDGMENT

First of all, thanks to Allah to whom I related any success in achieving any work in my life .

I would like to express my sincere and deep gratitude to Dr. Khaled Abd El Hamed Auf, Assistant Professor of General Surgery Faculty of Medicine, Ain Shams University for his paternal help and moral supports which guide me all the time in this work .

I would like to express my sincere and deep gratitude to Dr. Mahmoud Ahmed El Shafai, Lecturer Of General Surgery, Faculty Of Medicine Ain Shams University, for his continuous valuable supervision, advice, assistance in performing this work .

Lastly, special thanks to all my professors and colleagues in the Department of General Surgery, Faculty of Medicine, Ain Shams University for their great help and encouragement .
