APPROVAL SHEET

Degree: Ph. D. in Science (Physical Chemistry)
Title: Hydroconversion of some hydrocarbons
on supported metallic catalysts.
Candidate: Sameh Mohammed Kamel Aboufotouh.

Supervisors:

Name
Dr. Fikry M. Ebeid
Professor of physical chemistry
Faculty of Education.
Ain Shams University.

Signature

Dr. Anwar A. Ibrahim
Professor of physical chemistry

ACKNOWLEDGMENT

I would like to express my deepest sincere of gratitude to **Prof. Dr. Fikry M. Ebeid**, Professor of Physical Chemistry, Faculty of Education, Ain-Shams University and **Prof. Dr. Ahmed K. Aboul-Gheit**, Professor of Process Design and Developing, EPRI, Cairo, not only for suggesting and planning the subject of the work of this thesis, but also for their kind supervision, guidance and stimulating discussion throughout the course of this work.

I would like to express my deepest gratitude to **Prof. Dr. Anwar A. Ibrahim**, Professor of physical chemistry, Faculty of Education, Ain Shams University, who offer many valuable acknowledged assistances and advices.

My deepest grateful thanks are due to **Dr. Laila I. Ali**, Assistant professor of physical chemistry, Faculty of Education, Ain Shams University, for discussing the results and her continuous guidance, support, comfort & motivation during the course of dehydrogenation of cyclohexane.

I would like also to thank **Dr. Abdel-Gaffar A. Ali**, Assistant professor of Physical Chemistry, Faculty of Education, Ain-Shams University, for discussions and his continuous encouragement during the course of hydrogenation of aromatics.

The author, also wishes to express his thanks to **Prof. Dr. M. S. Abdel-Moez**, Head of Chemistry Department, Faculty of Education, Ain-Shams University, for his continuous encouragement.

It gives me great pleasure to express my sincere thanks to **all my colleagues** in Chemistry and Biology Departments, Faculty of Education, for their great help and cooperation.

S. M. Aboul-Fotoh
