## Acknowledgement

I wish to express my deepest gratitude and appreciation to Dr. ***Mohamed Abd El- Halim ALy Mehanaa*** , Professor of Obstetrics and Gynecology, Faculty of Medicine, Ain Shams University, for the help, sincere guidance and support he constantly offered throughout the period of preparation of this thesis.

Special thanks and appreciation for Dr. ***Mohamed Ashraf Mohamed Farouk Kortam*** , Lecturer of Obstetrics and Gynecology, Faculty of Medicine, Ain Shams University, who offered his precious time and help in achieving this work.

I am also indebted to Dr. ***Mona Mohamed Zaki***, Lecturer of Clinical Pathology, Faculty of Medicine, Ain Shams University, who so willingly offered all technical laboratory facilities and experience to achieve this work.

Last but not least, I would like to thank every patient accepted to be part of this work. Also I would like to thank every person attending the discussion of this thesis.

ARABIC SUMMARY .....	

## ***LIST OF TABLES***

<b>Tab. No.</b>	<b>Title</b>	<b>Page</b>
1	Descriptive data for the lipid profile in late pregnancy.	49
2	Descriptive data for the lipid profile at labor	51
3	Comparison of cholesterol values in late pregnancy and at labor	53
4	Comparison of HDL-C values in late pregnancy and at labor	55
5	Comparison of LDL-C values in late pregnancy and at labor	57
6	Comparison of triglycerides values in late pregnancy and at labor	59
7	Descriptive data for the lipid profile in the studied group in the third trimester (34-36 weeks of gestation)	61
8	Descriptive data for the lipid profile in the studied group in the third trimester (>36 weeks of gestation)	63
9	Comparison of cholesterol values in the studied group before & after 36 weeks	65
10	Comparison of HDL-C values in the studied group before & after 36 weeks	67
11	Comparison of LDL-C values in the studied group before & after 36 weeks	69
12	Comparison of triglyceride values in the studied group before & after 36 weeks	71

## ***LIST OF FIGURES***

<b>Fig. No.</b>	<b>Title</b>	<b>Page</b>
1	Descriptive data for the lipid profile in late pregnancy.	50
2	Descriptive data for the lipid profile at labor	52
3	Comparison of cholesterol values in late pregnancy and at labor	54
4	Comparison of HDL-C values in late pregnancy and at labor	56
5	Comparison of LDL-C values in late pregnancy and at labor	58
6	Comparison of triglycerides values in late pregnancy and at labor	60
7	Descriptive data for the lipid profile in the studied group in the third trimester (34-36 weeks )	62
8	Descriptive data for the lipid profile in the studied group in the third trimester (>36 weeks)	64
9	Comparison of cholesterol values in the studied group before & after 36 weeks of gestation	66
10	Comparison of HDL-C values in the studied group before & after 36 weeks of gestation	68
11	Comparison of LDL-C values in the studied group before & after 36 weeks of gestation	70
12	Comparison of triglyceride values in the studied group before & after 36 weeks of gestation	72

## ***LIST OF ABBREVIATIONS***

dl	: Deci-liter
HDL	: High Density Lipoproteins
HDL-C	: High Density lipoprotein- Cholesterol
LDL	: Low Density Lipoproteins
LDL-C	: Low Density lipoprotein- Cholesterol
mg	: Milligram
No	: Number
SD	: Standard deviation
