

ROLE OF NIGELLA SATIVA IN PREVENTION OF PREGNANCY INDUCED HYPERTENSION

Thesis
Submitted for Partial Fulfillment of
Master Degree in Obstetrics and Gynecology

By
Tallat Hussein Mohamed
(M.B.B.Ch.)

Supervised by
Prof. Dr. Ali Farid M. Ali
Professor of Obstetrics and Gynecology
Faculty of Medicine
Ain Shams University

Prof. Dr. Omar EL-Ahmady Essawy
Professor of Biochemistry
Dean of Faculty of Pharmacy
EL-Azhar University

Dr. Hatem Saad Ismail Shalaby
Lecturer in Obstetrics and Gynecology
Faculty of Medicine
Ain Shams University

Ain Shams University
1997

ACKNOWLEDGMENT

I am deeply thankful to GOD, the grace of whom, the present work was realized.

*I wish to express my deepest gratitude and appreciation to **PROF. DR. ALI FARID M. ALI**, Professor of Obstetrics and Gynecology, faculty of Medicine, Ain Shams University for the initiation and supervision of this work, his continuous encouragement, valuable guidance and suggestions during the preparation of this study.*

*I would like to express my grateful appreciation to Prof. **DR. OMAR EL-AHMADY ESSAWY** Professor of Biochemistry, dean of faculty of Pharmacy, EL-Azhar University, for his generous supervision and helpful assistance throughout this study.*

*My special thanks are due to **DR. HATEM SAAD ISMAIL SHALABY**, lecturer in obstetrics and gynecology, faculty of medicine, Ain Shams University, for his attention, invaluable suggestion and tolerance in generously affording me much of his time*

List of Abbreviations

ABP	Theymoquinone Arterial blood pressure
AIDS	Aquired immune deficiency syndrome
CLASP	Collaborative low-dose aspirin study in pregnancy
CVS	Cardivascular system
DLA	Dalton's lymphoma ascites
DMBA	Diethylbenz (a) anthracene
DNA	Deoxy ribonucleic acid
DOC	Deoxycorticosterone
EAC	Ehrlich ascites carcinoma
EPG	Eggs per gram
FEDPs	Fibrin(ogen) degradation products
IUGR	Immtrauterine growth retardation
6-Keto-PGF_{1α}	6-Keto-prostaglandin F _{1α}
LSCS	Lower segment cesarean section
MAP	Mean arterial blood pressure
MCA	Methylcholamthrene
P.I.H.	Pregnancy induced hypertension
S-180	Sarcoma-180
Se	Selenium
SLBW	Sever low-bith weight

Th	T helper cells
TLC	Tota lekocytic count
TQ	Theymoquinone
Ts	T suppressor cells
TxA₂	Tromboxan A ₂
TxB	Thromboxan B ₂
VO	Volatile oil
WHOECPL	World Health Organization Expert Committee on Pregnancy and Lactation
WHO	World Health Organizationg
