**ENVIRONMENTAL PROBLEMS RELATED TO
GROUNDWATER CONDITIONS IN SOME
REGIONS WITHIN GREATER CAIRO**

BY
MAHER ABDEL HALIEM EL-SHIWY

B.SC. (Civil Engineering, 1986)
Faculty of Engineering
Alexandria University

This Thesis Under The Supervision of:

Prof. Dr. Mohamed El Niazy Hamad

Professor of irrigation
and hydraulic,
Faculty of Engineering,
Ain Shams University

Prof. Dr. Kamal Farid Saad

Professor of Hydrology,
Environmental Studies and
Research Institute,
Ain Shams University

Prof. Dr. Fatma Abdel Rahman Attia

Director of the Research,
Institute for Groundwater,
The National Water
Research Center

APPROVAL SHEET

**ENVIRONMENTAL PROBLEMS RELATED TO
GROUNDWATER CONDITIONS IN SOME
REGIONS WITHIN GREATER CAIRO**

By

Maher Abdel Haliem El-Shiwy

B.Sc. (Engineering, 1986)

Faculty of Engineering

Alexandria University

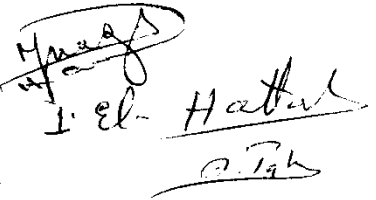

This Thesis for M.Sc. degree has been approved by :

Prof. Dr. Mohamed El Niazy Hamad

Prof. Dr. Ibrahim Helal El-hatab

Prof. Dr. Ahmed Taher Abdel El-sadek

Date of examination 25/5/1996

Acknowledgement

First and foremost, I thank god the most beneficial and the most merciful for his help.

My appreciation and gratitude to Prof. Dr. **Fatma Abdel Rahman Attia**, director of the Research Institute for Groundwater, for her fruitful discussions and valuable comments. Without her support and encouragement this work would not have come to light.

To Prof. Dr. **Mohamed El-Niazy**, vice Dean of the Faculty of Engineering Ain Shams University, and Prof. Dr. **Kamal Farid Saad**, Professor of Hydrology Institute of Environmental Studies and Research Ain Shams University, the best appreciations and thanks for their efforts and support throughout the work.

Finally, the words cannot afford my appreciations and thanks to Engineer **Safaa Mohamed Soliman**. To him, my deep thanks and gratitude.

Also, I can not deny the effort of Mr. Tarik Azaam, who helped me in drawing all the maps of this thesis.

LIST OF TABLES	
LIST OF FIGURES	
ABSTRACT	
KEY WORDS	
CHAPTER I INTRODUCTION.....	1
1.1 IMPORTANCE OF GROUNDWATER.....	1
1.2 PROTECTION OF GROUNDWATER.....	2
1.3 OBJECTIVE OF THE STUDY.....	4
1.4 APPROACH.....	4
CHAPTER II LITTERATEUR REVIEW.....	5
2.1 GENERAL BACKGROUND.....	5
2.1.1 GROUNDWATER QUALITY.....	5
2.1.2 GROUNDWATER POLLUTION.....	5
2.1.3 IDENTIFICATION OF POTENTIAL POLLUTANTS.....	10
2.1.4 ATTENUATION OF POLLUTION.....	14
2.2 PREVIOUS WORKS.....	15
2.3 THE SIMULATION PACKAGES.....	19
CHAPTER III ENVIRONMENTAL PROBLEMS IN GREATER CAIRO.....	22
3.1 PHYSICAL SETTING.....	22
3.2 HYDROGEOLOGY.....	24
3.3 GROUNDWATER USE.....	29
3.4 HYDROCHEMISTRY.....	31
3.5 GROUNDWATER POLLUTION.....	38
3.6 GROUNDWATER RISING.....	49
CHAPTER IV SIMULATION OF HYDROLOGICAL CONDITIONS AND POSSIBLE SOLUTIONS OF GROUNDWATER RISING.....	58
4.1 MODEL SIMULATION.....	58
4.2 THE EFFECT OF RIVER NILE LEVELS.....	63
4.3 THE POSSIBLE SOLUTION.....	65
CHAPTER V CASE STUDY ON GROUNDWATER POLLUTION (EL-MANSOURIA AREA).....	69

5.1 GENERAL CONDITIONS.....	69
5.2 HYDROLOGY OF THE PILOT AREA.....	71
5.3 GROUNDWATER QUALITY.....	74
5.4 SUITABILITY OF GROUNDWATER FOR VARIOUS USES.....	80
5.5 EL MANSOURIA AGRICULTURAL POLLUTION...	87
5.6 EL MANSOURIA DOMESTIC POLLUTION.....	95
CHAPTER VI SUMMERY, CONCLUSIONS, RESULTS, AND RECOMMENDATIONS.....	98
6.1 SUMMERY.....	98
6.1.1 GROUNDWATER POLLUTION.....	99
6.1.2 GROUNDWATER RISING.....	101
6.2 CONCLUSIONS.....	102
6.2.1 GROUNDWATER POLLUTION.....	102
6.2.2 GROUNDWATER RISING.....	103
6.3 RESULTS.....	104
6.3.1 GROUNDWATER POLLUTION.....	104
6.3.2 GROUNDWATER RISING.....	105
6.4 RECOMMENDATIONS.....	105
REFERENCES.....	107
APPENDIX (A).....	108
APPENDIX (B).....	110
