CONTENTS

Subject	Page
I. INTRODUCTION	1
- Framework for Care in Day Surgery	3
- Significance of the Study	5
- Definition of Terms	6
II. REVIEW OF LITERATURE	8
- Historical Overview	8
- Types and Classification of Surgeries	11
- Surgical Procedures most Commonly Performed on the Day-Case Surgery Basis	12
- Classification of Day-Case Operations by Type of Procedure	13
- Advantages and Disadvantages of DCS	13
- Patient and Procedure Selection Criteria for Day-Case Surgery	14
- Complications of Day-Case Surgery	17
- Nursing Management	19
* Preoperative Education	22
* Methods of Patient Education in Day-Case Surgery	26
- Patient Outcome and Postoperative Discharge Criteria	27
- Follow Up	31
- Quality Assurance and Improvement in DCS	32

CONTENTS(Cont'd)

Subject	Page
III. METHODOLOGY	35
IV. DATA ANALYSIS & INTERPRETATION	41
V. DISCUSSION	76
VI. CONCLUSION & RECOMMENDATIONS	92
VII. SUMMARY	95
VIII. REFERENCES	98
IX. APPENDICES	
X. ARABIC SUMMARY	

LIST OF TABLES

Table	Page
1 Demographic Characteristics of the 100 Patients Included in the Study.	43-44
2 Frequency Distribution of the Total Study Sample in Relation to the Past Illness History (n = 100).	46
3 Frequency Distribution of the Study Sample Regarding Admission process and Personal Behaviour (n = 100).	47
4 Patient's Perception About DCS Among the Total Sample (n = 100).	48-49
5 Patient's Expectation About Nurse's Role Preoperative Education in DCS (n = 100).	51-52
6 Patient's Expectations About Nurse's Role in DCS (n =100).	54-55
7 Patient's Opinion About Postoperative Care Needed (n = 100).	57
8 Frequency Distribution Regarding Instructions Given Post-Operatively and their Sources (n = 100).	58-59
9 Patient's Satisfaction Regarding Pain Management Post-Operatively (n = 100).	61

LIST OF TABLES (Cont'd)

Table	Page
10 Patient's Reaction and Satisfaction Toward Nurses Performance in Percentage Distribution Regarding Art of Care, Technical Quality of Care, Availability, Continuity of Care, Efficacy/ Outcomes of Care (n = 100).	62-65
11 Patient's Opinion Regarding Cost Effectiveness in DCS (n = 100).	67
12 Frequency Distribution Regarding Patient's Suggestions and Recommendations About DCS (n = 100).	69
13 Nurses Actions and Reactions Toward Patients in Day Case Surgery in Percentage Distribution (n = 100).	71-73
14 Patient's Views About the Best/Worst Thing in the Day Surgery.	75

LIST OF FIGURES

Figure		Page
1	Expansion of the Nursing Process Outline	21
2	Concept of Ambulatory Surgery	34

١٠٠

LIST OF APPENDICES

Appendix

- 1 Classification of Day Case Operations by
 Type of Procedure
- 2 Advantages of Day Case Surgery
- 3 Interviewing Questionnaire Sheet
- 4 Nurse-patient Interaction Content Tool

ABBREVIATIONS

DCS	Day Case Surgery
DCSU	Day Case Surgical Unit
ASC	Ambulatory Surgical Center
PACU	Post Anesthesia Care Unit
FSDSC	Free Standing Day Surgery Center
PONV	Postoperative Nausea And Vomiting
ECG	Electro Cardiography
JCAHCO	The Joint Commission on Accreditation of Health of Care Organization.
QA	Quality Assurance
QI	Quality Improvement
TQM	Total Quality Management
ASA	American Society of Anesthesiologists
DM	Diabetes Mellitus
HTN	Hypertension
IHD	Ischemic Heart Disease
IDDM	Insulin Dependent Diabetes Mellitus
ACE Inhibitors	Angiotensine Converting Enzyme Inhibitors
NHS	National Health Services
ERCP	Endoscopic Retrograde Cholangiopancreato-graphy
D & C	Dilatation and Curettage.
C.S.	Cesarean Section
