﴿ قال رب اشرح لي صدري * ويسر لي امري *
واحلل عقدة من لساني * يفقهوا قولي ﴾

صدق الله العظيم

[سورة طه آية ٢٥ : ٢٨]

Acknowledgment

I wish to express my deepest thanks, gratitude and appreciation to Professor Dr. **Mohamad Abe-Elhalem Mehana**, Professor of Obstetrics and Gynaecology, Faculty of Medicine, Ain Shams University, it is a real pleasure to acknowledge his sincere encouragement and valuable guidance. I would also thank him for his honest help, constant advice, keen interest and guidance throughout the performance of this work.

I would also like to express my deepest thanks to Dr. **Mohamed Hassan Nassr Eldin**, Lecturer of Gynecology and Obstetrics, Faculty of Medicine, Ain Shams University, for sharing his expertise, valuable time and helpful suggestions to ensure the accuracy of this work.

Special thanks go to Ass. Prof. Dr. **Hanaa Eltayeb Nasser**, Assistant Professor of biochemistry, Faculty of Medicine, Ain Shams University, for her helpful suggestions, unending patience and invaluable assistance.

TO...

To every one taught me a letter ..

To my parents ..

To my husband and children...

To my dear sister and borther ...

INDEX

Part	Contents	Page
I	Introduction and Aim of the Work	1
II	Review of Literature:	
	• Platelet morphology	4
	• Platelet functions	13
	• Pre-eclampsia	34
	- Theories of aetiology	40
	• Platelet changes in normal pregnancy	47
	• Platelet changes in pre-eclampsia	52
	• Thromboxane/prostacycline ratio	62
III	Material and Methods	71
IV	Results	78
V	Discussion	125
VI	Summary	137
IV	Conclusion	140
VII	References	142
IX	Arabic summary	---

LIST OF TABLES

No.	Title	Page
1	Descriptive data of the control group.	96
2	Descriptive data of the patients group.	97
3	Descriptive data of the mild pre-eclamptic group.	98
4	Descriptive data of the severe pre-eclamptic group.	99
5	Comparison between patients and control groups regarding data studied.	100
6	Comparison between mild pre-eclamptic patients and control groups regarding data studied.	101
7	Comparison between severe pre-eclamptic patients and control groups regarding data studied.	102
8	Comparison between mild and severe pre-eclamptic patients regarding data studied.	103
9	Descriptive data of platelet aggregation in different groups	104
10	Descriptive data of platelet count in different groups	104
11	Descriptive data of primigravid women in control group as regard collected data of platelet.	105
12	Descriptive data of multigravid women in control group as regard collected data of platelet.	105
13	Platelet aggregation in different groups of control patients.	106
14	Platelet count in different groups of control patients.	106
15	Descriptive data of primigravid women in the mild pre-eclamptic patients as regard collected data of platelet.	106
16	Descriptive data of multigravid women in the mild pre-eclamptic patients as regard collected data of platelet.	107
17	Platelet aggregation in different groups of mild pre-eclamptic patients.	107
