وكان فضل الله عليك عظيما ﴿
صدق الله العظيم [النساء ١١٣]

**To My
Parents**

ACKNOWLEDGMENT

Thanks first and last to Allah as we owe him for his great care, support and guidance in every step in our life.

*Words do fail me when I come to express my sincere indebtedness, profound gratitude and cordial appreciation to my **Prof. Dr. Jannette Bousbra Hanna** Professor of Radiodiagnosis, Faculty Of Medicine, Ain Shams University, for her moral support, valuable supervision and for enabling me to fulfill this work.*

*Special thanks are due to **Dr. Nivene Fawaz Hanna**, Lecturer of Radiodiagnosis, Faculty Of Medicine, Ain Shams University, for dedicating so much of her precious time and effort and for her kindness, honest and constant guidance to complete this work.*

Mohammed

LIST OF ABBREVIATIONS

3D	Three dimensional
CT	Computed tomography
EVS	Endovaginal sonography
HSG	Hysterosalpingography
TAS	Transabdominal sonography
TVS	Transvaginal sonography

LIST OF DIAGRAMS

Diagrams	Page
1. Transverse section in an embryo showing the origin of paramesonephric ducts	4
2. Schematic drawing showing parts of paramesonephric duct	6
3. Transverse sections through the urogenital ridge at progressively lower levels showing paramesonephric ducts approaching each other in the midline.	8
4. Schematic drawing showing the formation of the uterus and vagina	9
5. Schematic drawing showing the origin and migration of primordial germ cells	11
6. Transverse section through the lumbar region showing the indifferent gonad with the primitive sex cords	11
7. Transverse section showing the developing ovary	12
8. Schematic drawing showing the development of external genitalia	14
9. Class (I) Agenesis or hypoplasia	18
10. Class (II) Unicornuate uterus	19
11. Class (III) Uterus didelphys	20
12. Class (IV) Bicornuate uterus	22
13. Class (V) Septate uterus	23
14. Class (VI) DES-Related anomalies	24

LIST OF FIGURES

Figures	Page
1. HSG showing the interstitial part of fallopian tube ...	31
2. Normal HSG	32
3. HSG showing a well defined elongated narrow internal os segment	34
4. HSG showing an ill defined internal os segment	35
5. HSG showing cervical plicae palmatae	36
6. TVS showing one adnexa	37
7. TVS showing retroverted uterus	38
8. TVS showing anteverted uterus	39
9. TVS showing early proliferative endometrium	40
10. TVS showing late proliferative endometrium	40
11. TVS showing secretory endometrium	41
12. TVS showing the cervix	44
13. TAS showing the vagina	45
14. T ₁ -weighted image showing the uterine corpus	46
15&16. T ₂ -weighted images showing uterine zonal anatomy in different planes	47
17. T ₂ -weighted image showing the cervix	48
18. T ₂ -weighted image showing the vagina	49
19. HSG showing venous intravasation	55
20. Different shapes of transvaginal transducers	58
21. T ₁ -weighted image showing an infantile uterus	70
22. T ₂ -weighted image showing agenesis of the vagina and uterus	71
23. TAS showing haematocolpos	72
24. T ₁ &T ₂ -weighted images showing partial vaginal agenesis with haematocolpos	73

25. T ₂ -weighted image showing partial vaginal agenesis with a rudimentary uterus	74
26. HSG showing unicornuate uterus	75
27. HSG showing unicornuate uterus with communicating rudimentary horn	75
28. T ₂ -weighted image showing unicornuate uterus	77
29. HSG showing uterus didelphys	78
30. HSG showing communicating uterus didelphys	78
31. TAS showing uterus didelphys with gestational sac in one cornu	79
32. T ₂ -weighted image showing uterus didelphys	80
33. HSG showing bicornuate uterus	81
34. TVS showing bicornuate uterus	81
35. T ₂ -weighted image showing bicornuate uterus with myometrial tissue between the two cornua	82
36. T ₂ -weighted image showing bicornuate uterus with fundal cleft	83
37. T ₂ -weighted image showing arcuate uterus	83
38. HSG showing septate uterus	84
39. TVS showing bicornuate uterus with fundal cleft ...	85
40. TVS showing septate uterus	86
41. T ₂ -weighted image showing septate uterus with fibrous septum	87
42. T ₂ -weighted images showing septate uterus with septum formed of myometrial tissue	87
43. HSG showing T-shaped uterus	88
44. T ₂ -weighted image showing T-shaped uterus	89
45. TVS showing bicornuate uterus with gestational sac in one cornu	91
