To my family,

ACKNOWLEDGMENTS

All thanks must go to "Allah most merciful most compassionate" for blesses given to us, without which, nothing can stand complete.

I want to express my deepest feelings of gratitude and appreciation to *Prof. Dr. Mohammed Rasheed*, Professor of Surgery, Faculty of Medicine, University of Alexandria, for his parenthood attitude and his support both morally and scientifically.

I want to show my respect and warmest thanks to *Prof. Dr. Habashi Abdel-Basit El-Hammadi*, Professor of Surgery, Faculty of Medicine, University of Alexandria, for his continuous intimate supervision and follow up throughout the construction and continuation of this work.

This work had been carried out under the supervision of *Dr. Mahmoud Fathy Sakr*, Assistant Professor of Surgery, Faculty of Medicine, University of Alexandria, whose help was crucial for the research execution and final outcome.

Thanks must also go to *Dr. Ibrahim Khalil Ibrahim*, Assistant Professor of Physical Medicine, Faculty of Medicine, University of Alexandria, who helped me in the postoperative work up of the patients and did not hesitate to support me whenever I needed him.
