ACKNOWLEDGEMENT

I wish to express my profound gratitude to **Prof. Dr. Fawkia Mohamed El-Beih** , Professor of microbiology , Faculty of Science , Ain-Shams University for her precious help and for giving me a great deal of her knowledge, experience and the privilege of doing this work under her supervision .

It is really difficult for me to find how I could express my thanks and gratitude to **Prof.Dr. Mohamed Fouad Abd-Elaziz Salama** , Professor of Applied Organic Chemistry, and head of Petrochemicals Department, Egyptian Petroleum Research Institute (EPRI) .It was through his interest , support, criticism and unfailing encouragement that this work was achieved.

I want to express my deep appreciation and thanks to **Ass. Prof. Dr. Mohamed Khaled Ibrahim Abd-Elrehim** , Assistant Professor of Microbiology , Faculty of Science , Ain Shams University for providing me support and experience.

Thanks are also due to Department of Petrochemicals , Egyptian Petroleum Research Institute and my colleagues for providing me with the facilities during the different stages of this investigation.
