ACKNOWLEDGEMENT

ACKNOWLEDGMENTS

Praise and thanks to **ALLAH**, the most graceful, the most merciful for directing me the right way. I would like to express my deepest gratitude to **Dr. Gamal H. A. El-Sokkary** Associate Professor of Cell Biology, Zoology Department, Faculty of Science, Assuit University, for planning this work and for his tutorial guidance and active supervision during the course of the present investigation. I am indebted to him for his able guidance. His comments, continuous help and encouragement were of great importance in writing the whole text. Furthermore, he devoted much of his time for finishing this work.

I would like to express my gratitude to **Dr. Bothaina M. Khidr**, Associate Professor of Histology, Zoology Department, Faculty of Science, Assiut University, for her continuous and faithful help, encouragements and reading manuscript. It is a pleasure to express my gratitude to **Prof. Dr. Imam A. A. Mekkawy**, Head of the Dept. of Zoology, Faculty of Science, for his faithful encouragements and help during the progress of the study.

Last and not least, no amount of thanks can express my gratefulness and appreciation to all staff members of Zoology Department and to all who have given me help in any way throughout this investigation.
