

# دراسات بيوكيميائية و فسيولوجية على نبات الزعتر

رسالة مقدمة من

حسناء سالم عبد الخير عياد

بكالوريوس في العلوم الزراعية (كيمياء حيوية) - كلية الزراعة - جامعة عين شمس (1991 م)

ماجستير في العلوم الزراعية (كيمياء حيوية) - كلية الزراعة - جامعة القاهرة (1998 م)

للحصول على

درجة دكتوراه الفلسفة

في الكيمياء الحيوية الزراعية

قسم الكيمياء الحيوية

كلية الزراعة

جامعة القاهرة

2006م

**BIOCHEMICAL AND  
PHYSIOLOGICAL STUDIES ON  
*THYMUS VULGARIS* L.**

# SUMMARY

# **LITERATURE CITED**

# **ARABIC SUMMARY**

# CONCLUSIONS

## **ACKNOWLEDGEMENTS**

At first, I am deeply thankful to **ALLAH**, by the grace of whom the present work was realized.

The author wishes to express her great thanks and gratitude to ***Prof. Dr. Emam Abdel-Mobdy*** **Prof. of Biochemistry, Faculty of Agriculture, Cairo University** for his kind supervision, fruitful help and indispensable advice during this work, and ***Prof. Dr. Gamal S. El-Baroty*** **Prof. of Biochemistry, Faculty of Agriculture Cairo University**, for supervision, valuable suggestions, continuous encouragement during the course of this work and his effort in the presentation of this work.

The author introduced her deep thanks and gratitude to ***Prof. Dr. Fatma Reda***, **Professor of plant physiology, Botany Department, National Research Centre**, for her kind supervision, revision of the manuscript and sincere help throughout the whole work. Also, the author introduced her great thanks to ***Prof. Dr. Iman M. Talaat***, **Botany Department, National Research Centre**, for her supervision continuous encouragement and fruitful guidance.

Thanks, are also to the members of the Botany Department of the NRC and to all the staff members of the Biochemistry Department, Faculty of Agriculture, Cairo University, for their cooperation and sincere help.
