

CONVERSION OF ALCOHOL TO HYDROCARBONS ON ZEOLITES.

A THESIS

**Submitted To The Faculty of Science
AIN SHAMS UNIVERSITY.**

By

Lamia Saad Mohamed

B.Sc. (1984).

**In Partial Fulfilment Of The Requirements For The
Degree Of Master Of Science
(Chemistry)**

**Refining Department
Egyptian Petroleum Research Institute
Cairo - Egypt**

1991

CONVERSION OF ALCOHOL TO HYDROCARBONS ON ZEOLITES.

M.Sc. THESIS.

Thesis Advisors

Approved

- 1 - Prof. Dr. Suzy A. Selim
- 2 - Prof. Dr. Hassan A. Hassan
- 3 - Prof. Dr. Sara Mikhail

Hassan A. Hassan

Sara Mikhail

Prof. Dr. Nabila M. Guindy.

Head of Chemistry Department
Faculty of Science
Ain Shams University.

NOTES

This is to certify that Ms. Lamia Saad Mohamed, has attended and passed successfully the following post graduate courses as a partial fulfilment of the requirements of the degree of Master of Science, during the academic year 1987.

COURSES :

- 1 - Reaction Kinetics.
- 2 - Thermodynamics.
- 3 - Surface Chemistry.
- 4 - Catalysis.
- 5 - Physical Properties of Polymers.
- 6 - Computer Science.
- 7 - Cement Chemistry.
- 8 - Quantum Chemistry.
- 9 - Electro-Chemistry.
- 10 - Corrosion.
- 11 - English Language.

Prof. Dr. Nabila M. Guindy.

**Head of Chemistry Departement
Faculty of Science
Ain Shams University.**

ACKNOWLEDGEMENT

*The author wishes to express her sincere appreciation and deep gratitude to **Prof. Dr. Suzy A. Selim**, Prof. of Physical Chemistry, Faculty of Science, Ain Shams University, for her support and valuable guidance throughout this work.*

*I would like to submit my great thanks to **Prof. Dr. Hassan A. Hassan**, Prof. in Petroleum Refining Department (EPRI), for his most helpful suggestions and constant support and supervision.*

*I am indebted to **Prof. Dr. Sara Mikhail**, Prof. in Petroleum Refining Department (EPRI), for suggesting the subject of this work, her devotion, efforts, constant support, talented supervision and for the valuable discussion.*

Acknowledgement is also due to all the Staff Members and Technicians in Petroleum Refining Department for their continuous encouragement.

CONTENTS

	Page
INTRODUCTION	I
AIM OF THE PRESENT THEISIS	III
CHAPTER I	
LITERATURE SURVEY.	1
1.1. Non Zeolitic Catalysts for Alcohol Conversion.	1
1.2. Zeolite Catalysts For Alcohol Conversion.	2
1.2.1. Methanol Conversion.	2
1.2.2. Ethanol Conversion.	5
1.3. Mechanism of The Reaction.	8
1.4. Nature of Zeolites.	12
1.4.1. Structure and Classification.	13
1.5. Properties of Zeolites.	23

CHAPTER II	
EXPERIMENTAL.	25
2.1. Apparatus.	25
2.2. Catalyst Used.	26
2.3. Catalyst Preparation (Cation Exchange Technique).	26
2.4. Reaction Procedure.	28
2.4.1. Structure and Phase Changes of Materials.	30
CHAPTER III	
RESULTS AND DISCUSSION.	33
3.1. Investigation of Some Physical Properties of The Applied Catalysts.	33
3.1.1. Chemical Analysis.	33
3.1.2. X-rays Analysis.	35
3.1.3. Differential Thermal Analysis (DTA).	41
3.1.4. The Degree of Exchange of Na ⁺ Ions.	45

3.2. Study on the Effect of Different Structures of Zeolites on the Conversion of Ethanol.	46
3.2.1. H-mordenite Zeolite Catalyst.	46
3.2.2. H-Y Zeolite Catalyst.	70
3.3. Mechanism of the Reaction.	97
SUMMARY AND CONCLUSIONS	99
REFERENCES	103
